GENERAL CONDITIONS OF CONTRACT

1 DEFINITIONS

In constructing these conditions, the specifications, the schedule of quantities, tender and agreement, the following words shall have the meaning herein assigned to them except where the subject or context otherwise requires. In this connection, the following terms shall be interpreted as indicated below:

i) **'The Bank/SBI'** shall mean State Bank of India, a body Corporate constituted under State Bank of India Act 1955, having its Corporate Centre at State Bank Bhavan, Madame Cama Road, Mumbai 400 021 and a Premises & Estate Department of LHO at Bengaluru and includes the client's representatives, successors and assigns.

ii) **'Engineer'** shall mean an Engineer appointed by the Bank as their representative to give instructions to the Vendors.

iii) **"Bidder/Bidding Company"** shall mean an eligible entity/firm submitting the Bid. Any reference to the Bidder includes Bidding Company/firm including its successors, executors and permitted assigns as the context may require.

iv) **"Vendor/Contractor"** is the successful Bidder to whom the work has been awarded.

v) **"The Site"** means locations where the proposed work is to be carried out and services as desired in this tender document are to be provided.

vi) **"Bid"** shall mean the Techno Commercial and Price Bid submitted by the Bidder along with all documents/credentials/attachment's annexure etc., in response to this tender, in accordance with the terms and conditions hereof.

vii) **'The Contract'** shall mean the documents forming the tender and the acceptance thereof and the formal agreement executed between State Bank of India and the Vendor, together with the documents referred therein including these conditions, the specifications, designs, drawings and instructions issued from time to time by the Bank and all these documents taken together shall be deemed to form one contract and shall be complementary to one

another.

viii) **"The Schedule of Quantities/BOQ"** shall mean the schedule of quantities as specified and forming part of this contract.

ix) **'Contract value'** shall mean the value of the entire work as stipulated in the letter of acceptance of tender subject to such additions there to or deductions there from as may be made under the provision herein after contained.

x) **'Works'** or **'project'** shall mean the permanent or temporary work described in the 'Scope of Work' and/or to be executed in accordance with the contract and includes materials, apparatus, equipment, temporary supports, fittings and things of all kinds to be provided, the obligations of the Vendor hereunder and work to be done by the Vendor under the contract.

xi) **"The Material/Product"** means all the materials along with the accessories which the Vendor is required to supply to the Bank under the Contract for the full and proper performance of its contractual obligations

xii) **'Drawings'** shall mean the drawings prepared either by SBI or Vendor and referred to in the specifications and any modifications of such drawings as maybe issued by the Engineer from time to time

xiii) **'Specifications'** shall mean the specifications referred to in the tender and any modifications thereof as may time to time be furnished or approved by SBI.

xiv) **"Month"** means calendar month

xv) **"Week"** means seven consecutive days.

xvi) **"Day"** means a calendar day beginning and ending at 00 Hrs. and 24 hrs. respectively.

xvii) **"B.I.S"** shall mean specifications of Bureau of Indian Standards(BIS);

xviii) **"CEA"** shall mean Central Electricity Authority.

xix) **"COD"** means commissioned on date i.e. Successful operation of the Project / Works by the

Vendor, for the purpose of carrying out Performance Test(s) as defined intender.

xx) **“Capacity Utilization Factor”** (CUF) shall mean the ratio of actual energy generated by SPV project over the year to the equivalent energy output at its rated capacity over the yearly period. (CUF = actual annual energy generated from the plant in kWh / (installed plant capacity in kW * 365 *24).

xxi) **“KWp”** shall mean kilo-Watt Peak; **“kWh”** shall mean kilo-Watt-hour;

xxii) **“MNRE”** shall mean Ministry of New and Renewable Energy, Government of India;

xxiii) **“OEM”** shall mean Original Equipment manufacturers of Rooftop Solar PV system PV Cells/ Solar Panels.

xxiv) **“P B G”** means Performance Bank Guarantee between SBI and Successful bidder.

xxv) **“Performance Ratio”**(PR) means the ratio of plant output versus installed plant capacity at any instance with respect to the radiation measured. PR= (Measured output in kW / Installed Plant capacity in kW * (1000 W/m² /Measured radiation intensity in W/m²).

2 INTERPRETATIONS

a) Words importing persons include firms and corporations.

b) Words importing the singular only, also include the plural and vice versa where the Context requires.

c) An applicable law shall be construed as reference

to such applicable law including its amendments or re-enactments from time to time.

d) A time of day shall save as otherwise provided in any agreement or document be construed as a reference to Indian Standard Time.

e) Different parts of this contract are to be taken as mutually explanatory and supplementary to each other and if there is any differentiation between or among the parts of this contract, they shall be interpreted in a harmonious manner so as to give effect to each part.

f) The table of contents and any headings or subheadings in the contract has been inserted for case of reference only & shall not affect the interpretation of this agreement.

3 SCOPE OF WORK:

Scope of work covers Design, Manufacture, Supply, Erection, testing & Commissioning including 5 years warranty of Grid Connected Roof-top Solar Power System with Bi-directional Net metering arrangement **at various locations in Bengaluru circle (Karnataka).**

The Vendor shall carry out, complete, and maintain the said work in every respect strictly in accordance with this contract and with the directions of and to the satisfaction of the Bank to be communicated through the Bank’s Engineer. **The Vendor to quote the prices considering the following details of the work under the scope of this contract.**

SCOPE	DETAILS
Survey	The successful bidder shall assess a) Roof structural conditions to suit the installation, b) Load bearing capacity, c) Solar resource availability, d) Feasible capacity of Solar Power Generation d) Identification health & Safety risks, e) Shadow free area on rooftop f) any other hindrance for hassle free installation and maintenance of the proposed system etc
Design	a) Selecting efficient PV Modules, b) Optimum Detailed PV Panels layout c) Inverter selection, d) Mounting structure,

	<ul style="list-style-type: none"> e) Routing cables and connectivity, f) Attaining maximum output (optimization in utilization of rooftop area), g) Ensuring Safety standards...etc.
Manufacture	As per relevant standards & specifications
Supply & Installation	<ul style="list-style-type: none"> a) Procure and supply all the necessary equipment, accessories and any other materials required for the successful implementation of the project b) Obtaining Permits from the relevant regulatory authority, wherever applicable c) Installation of the Solar Power System as per standards d) Wiring up to Bank's Distribution System from the Solar system e) Implementing the Online Monitoring system for Local & Remote Data Monitoring...etc.
Testing	Testing of Modules, System Performance Evaluation, Capacity Utilization Factor (CUF) etc. of the complete Solar Power system as per the technical specifications.
Commissioning	<ul style="list-style-type: none"> a) Preparation of Single line diagram as required for obtaining permissions from the required regulatory authority shall be borne by the Vendor b) Liaising and Obtaining Approval of Statutory Authorities like CEA, ESCOMS/DISCOMS, KSEI...etc. for commissioning of the unit and connecting to the grid etc c) Procure and provide a suitable Bi-directional meter shall be borne by the Vendor. d) Payment of required fees to Govt Authorities like KPTCL / CEA / Municipality / Regulatory authorities etc., shall be borne by Vendor with his cost and the same shall be reimbursed against submission of receipts. Any additional deposits for the Net metering will be paid by SBI e) Any other necessary activity required for successful commissioning of the system shall be within the scope of the Vendor.
Maintenance for 5 years from the date of commissioning.	<ul style="list-style-type: none"> a) The period of the Warranty shall commence from the date of installation and commissioning of Net Metering b) Quarterly Preventive Maintenance Check of the Solar System c) Replacement of defective modules, invertors / Power Conditioning Unit (PCU), spares, consumables & other parts d) Rectification of breakdowns and attending to complaints e) Checking and maintaining the Supporting Structure- replacing the worn out / rusted /corroded parts of the structure f) Cleaning the Solar panels every 15days in a month or as and when required to maintain the minimum CUF efficiency levels

The Bank will issue written instructions/ directions from time to time, detailed directions and explanations which are hereafter collectively referred to as SBI instructions in regard to: the variation or modification of the design, quality or quantity of work or the addition or omission or

substitution of any work, any discrepancy in the drawings or between the BOQ and/or drawings and/or specifications, the removal from the site of any material brought thereon by the Vendor and the substitution of any other materials thereof, the demolition, removal and/or re- execution of any

work executed by him, the dismissal from the work of any person employed/engaged there upon.

4 SITE AND ITS LOCATION:

The details of the sites are as given in the LIST as Annexure - 5. However, Bank reserves the right to amend / alter the location as desired depending upon the site conditions..

5 EARNEST MONEY DEPOSIT:

Bidders are required to submit EMD as stipulated in the tender. Bids not accompanied by EMD will not be considered. Upon the successful bidder furnishing the signed agreement and ISD, each unsuccessful bidder will be promptly notified and their EMD be returned without interest within 30 (thirty) days of notice of award of contract. The successful supplier's EMD shall be adjusted against the SD.

EXEMPTION FROM EMD: The Micro and Small Enterprises (MSE)s are exempted from payment of earnest money, subject to furnishing of relevant valid certificate for claiming exemption. The MSEs must, along with their offer, provide proof of their being registered as MSE (indicating the terminal validity date of their registration) for the item tendered, with any agency mentioned in the notification of the Ministry of Micro, Small and Medium Enterprises (Ministry of MSME), indicated below:

- (a) District Industries Centres;
- (b) Khadi and Village Industries Commission;
- (c) Khadi and Village Industries Board;
- (d) Coir Board;
- (e) National Small Industries Corporation;
- (f) Directorate of Handicraft and Handloom; and
- (g) Any other body specified by the Ministry of MSME.

Such vendors must submit the Bid security declaration as per the format given in the Annexure 6.

6 PRICE BID: RATES QUOTED BY BIDDER

6.1 Tenders Will be invited Group wise for capacities up to 50kWp ie; Category -1(1kWp to <20kWp), Category-2 (20kWp to <30kWp), Category-3(30kWp to 50kWp), above 50kWp individual bids will be invited for each project

6.2 The Vendor shall satisfy himself before Bidding

as to the correctness and sufficiency of his Bid for the works and the rates/ amounts stated in the schedule of quantities and / or the schedule of rates and amount as provided covering all his obligations under the contract and all matters necessary for proper completion of the works expected in this document.

6.3 Unless otherwise provided in the Schedule of Quantities/Specifications, the rates tendered by the Vendor shall be all inclusive and shall apply to all heights, lifts, leads and depths of the work and No extra charges will be paid over and above the contract amount on account of any other charges (existing or future addition) or on any other account.

6.4 The GST shall be paid extra as applicable.

6.5 The rate quoted shall be firm and rate revision in the contract amount is not permitted during the validity period of the contract for any reason including during the extended period, if any.

6.6 Any request for review of the price bid after the bid opening will not be entertained.

6.7 Tax exemptions including certificates of any sort, if available may be dealt with the concerned Department of Government of India by the bidder. SBI in no case will be responsible for providing any tax exemptions to the bidder.

7 OPENING AND EVALUATION OF BIDS

7.1 The online Bids will be opened as stipulated in the NIT. Representatives of Bidder may be present during opening of Bids. However, Bids would be opened even in the absence of any or all the bidder's representatives.

7.2 In the two bid system, the technical bids will be opened at the scheduled time mentioned in the NIT. In case, if the date of opening is declared as nonworking day or Holiday, the bids will be opened on the next working day. The price bid of the qualified vendors will be opened on the same day or on a subsequent date which will be intimated to the bidders.

7.3 Bids will be examined to determine whether they are conforming to all the terms and conditions of the Bidding Document without any deviations and are generally in order & accompanied by supporting documents. If a Bid is not conforming to the terms and conditions, it will be rejected.

However, SBI will have right to demand submission of more information as required, if any of the document is partly submitted. If the bidder does not respond within the stipulated time, SBI will reject or disqualify the bid.

7.4 During evaluation of bids, SBI may, at its discretion ask the bidders for clarification of its bid. The request for clarification shall be in writing and no change in prices or substance of the bid shall be sought, offered or permitted. No post bid clarification at the initiative of the bidder shall be entertained.

7.5 The tenders must be unconditional. Conditional tenders leading to unknown / indefinite liability may be summarily rejected.

8 OPENING OF PRICE BIDS

8.1 Only those Bidders who qualify in Technical evaluation would be shortlisted and the online price bid submitted by the bidder will be opened. The rates quoted by the Bidder will be validated / scrutinized by committee and compared to market price for adaptability. The lowest total rate quoted will be considered for award of work.

8.2 The Bank will not be bound to accept the lowest tender and reserves the right to accept or reject any or all the tenders without assigning any reason whatsoever even after opening of financial bid.

9 VALIDITY OF BID

Bids shall remain valid and open for acceptance for a period stipulated in this document from the date of opening of price bid. If the Bidder withdraws his/her offer during the validity period or makes modifications in his/her original offer, which are not acceptable to the Bank, without prejudice to any other right or remedy, the Bank shall be at liberty to forfeit the EMD.

10 CONTACTING SBI:

10.1 **No** Bidder shall contact SBI on any matter relating to its Bid, from the time of opening of Price Bid to the time the Contract is awarded.

10.2 **Any** effort by a Bidder to influence SBI or Bank in its decisions on Bid evaluation, or contract award may result in rejection of the Bid.

11 . AWARD OF WORKS / DISTRIBUTION OF WORKS

11.1 Within the validity period of the Tender the Bank shall issue a letter of acceptance either directly or through the Consultant by registered post or by e-mail to the successful bidder's email id registered with the Bank/ Consultant or otherwise depositing at the address of the Contractor as given in the Tender to enter a Contract for the execution of the work as per the terms of the Tender. The letter of acceptance shall constitute a binding Contract between SBI and the Contractor. If required, Bank will issue separate PO for the AMC of the ACs to the contractor after the completion of the warranty period.

11.2 Bank reserves the right at the time of award of contract to increase or decrease the quantity of goods and / or services from what was originally specified while floating the tender without any change in unit price or any other terms and conditions.

11.3 SBI reserves the right to accept or reject any Bid in part or in full or to cancel the Bidding process and reject all Bids at any time prior to award of the contract, without incurring any liability to the affected Bidder or Bidders or any obligation to inform the affected Bidder or Bidders of the grounds for the SBI's action.

11.4 The acceptance of a tender rests with the Competent Authority, who does not bind himself to accept the lowest tender and reserves to himself the authority to reject any or all of the tenders received, without assigning any reasons. All tenders in which any of the prescribed conditions are not fulfilled or are incomplete in any respect are liable to be rejected.

11.5 The notification of award will constitute the formation of the Contract. The selected Bidder should convey acceptance of the award of contract by returning duly signed and stamped duplicate copy of the award letter within 15 days of receipt of the communication and to enter into an agreement with the Bank.

11.6 The PO shall be released by the LHO or Respective AOs or RBOs to the vendors

12 SBI'S RIGHT TO ACCEPT ANY BID AND TO REJECT ANY OR ALL BIDS

12.1 SBI reserves the right to accept or reject any Bid in part or in full or to cancel the Bidding process and reject all Bids at any time prior to award of the contract, without incurring any liability to the

affected Bidder or Bidders or any obligation to inform the affected Bidder or Bidders of the grounds for SBI's action.

12.2 The acceptance of a tender rests with the Competent Authority, who does not bind himself to accept the lowest tender and reserves to himself the authority to reject any or all of the tenders received, without assigning any reasons. All tenders in which any of the prescribed conditions are not fulfilled, or are incomplete in any respect are liable to be rejected.

12.3 The notification of award will constitute the formation of the Contract. The selected Bidder should convey acceptance of the award of contract by returning duly signed and stamped duplicate copy of the PO within 15 days of receipt of the communication and to enter into an agreement with the Bank.

13.0 INITIAL SECURITY DEPOSIT

13.1 The successful bidders shall submit Initial security deposit of 2% of contract value in favor of the Bank, unless or otherwise specified, by means of D/D within a period of 15 days of acceptance of Bid

13.2 No interest shall be paid on the amount retained by the Bank as Security Deposit.

14.0 SIGNING OF CONTRACT DOCUMENTS

The successful Bidder shall be bound to execute the Agreement within 15 days from the receipt of intimation of acceptance of his Bid by SBI. However, the written acceptance of the Bid by SBI will constitute a binding agreement between the Bank and successful Bidder pending execution of formal agreement. All expenses, stamp duty and other charges/ expenses in connection with the execution of the Agreement as a result of this tendering process shall be borne by the successful bidder. Bank is liable to vendor bills if any submitted by the vendors only if agreement is executed as stated above.

15.0 COMMENCEMENT OF WORKS

The date of commencement of the work will be reckoned as the recorded date of handing over site by SBI or 15 days from the date of issue of Letter of Acceptance of Bank, whichever is later. The Bidder shall complete the project survey, design, engineering, manufacture, supply, storage, civil work, erection, testing & commissioning of each

project within time as specified in the NIT from the date of issue of allocation letter

16.0 RATE OF PROGRESS

Whole of the materials, plant and labour to be provided by the Vendor and the mode, manner and speed of execution and maintenance of the works are to be of a kind and conducted in a manner to the satisfaction of SBI. Should the rate of progress of the work or any part thereof be at any time be in the opinion of SBI too slow to ensure the completion of the whole of the work by the prescribed time (in NIT) or extended time for completion SBI shall there upon take such steps as considered necessary by SBI to expedite progress so as to complete the works by the prescribed time or extended time. Such communications from SBI neither shall relieve the Vendor from fulfilling obligations under the contract nor he shall be entitled to raise any claims arising out of such directions.

17.0 COMPLETION PERIOD

The Successful Tenderer shall be complete the work within time period (as mentioned in the NIT) from the date of the work order issued to the Vendor to commence the work.

i) The work shall be considered as complete only when the certificate of virtual completion is issued by the Bank.

ii) The 'defects liability period' as prescribed in the contract shall commence only from date of such virtual completion.

iii) Any defect that may appear within the defect's liability period shall be rectified by the Vendor within reasonable time on receipt of necessary instructions from Bank to that effect.

18.0 VIRTUAL COMPLETION CERTIFICATE (VCC)

On successful completion of entire works covered by the contract, the Vendor shall ensure that the following works have been completed to the satisfaction of SBI.

a) Clear the site of all scaffolding, wiring, pipes, surplus materials, Vendor's labour, equipment and machinery.

b) Demolish, dismantle and remove the Vendor's temporary works, structures including labour sheds/camps and constructions (if any) and

other items and things whatsoever brought upon or erected at the site or any land allotted to the Vendor by SBI and not incorporated in the permanent works.

c) Remove all rubbish, debris etc. from the site and the land allotted to the Vendor by SBI and shall clear, level and dress, compact the site as required by SBI.

d) All defects/imperfections made to SBI properties while installation of Solar PV System have been attended and rectified as pointed out by SBI to the full satisfaction of SBI.

Upon the satisfactory fulfillment by the Vendor as stated above, the Vendor shall be entitled to apply to SBI for the certificate. If SBI is satisfied of the completion of the work, relative to which the completion certificate has been sought, SBI shall within fourteen (14) days, issue a VCC in respect of the work for which the VCC has been applied.

19.0 PAYMENT TERMS

i) No advance payment.

ii) Payment shall be made by way of Electronic fund transfer

iii) Vendor should furnish details of the bank a/c no, IFSC code along with their invoices.

iv) Payment shall be made at the respective RBOs / Branches

v) 70% will be released after completion of the installation and successful commissioning system

vi) 25% will be released against verification of the average power generation of the plant shall be minimum of 5 KWH per day per KW and installation of Bi-Directional meter & completion in all respects.

vii) 5% TSD(total security deposit) will be released after completion of 5years warranty or it can be released against submission of valid PBG with a validity of 5 years from the date of installation & commissioning of Bi-Directional meter.

viii) CAMC will commence after successful completion one year of operation period. The quarterly CAMC charges shall be paid after successful completion of the services of the respective quarter.

ix) Tax deduction : As per applicable rates

19.1 Part/Interim payment is paid as per the payment terms mentioned in the NIT. All the interim payments shall be regarded as payments by way of advance against the final payment only and not as payments for work actually done and completed, and shall not preclude the requiring of bad, unsound, and imperfect or unskilled work to be removed and taken away and reconstructed, or re-erected or be considered as an admission of the due performance of the contract, or any part thereof in any respect or the accruing of any claim, nor shall, it conclude, determine or affect in any way the power of the Employer under these conditions or any of them as to the final settlement and adjustment of the accounts or otherwise or in any other way vary or affect the contract.

19.2 If the Bank has supplied any materials or goods to the Vendor, the cost of any such materials or goods will be progressively deducted from the amount due to the Vendor in accordance with the quantities consumed in the work.

19.3 The final bill shall be accompanied by a certificate of completion or Commissioning report signed by an official of the Bank. Payments of final bill shall be made after deduction of Retention Money as specified, which shall be refunded after the completion of the Defects Liability Period provided the Vendor has rectified all defects to the satisfaction of the Bank. The acceptance of the payment of the final bill by the Vendor would indicate that he has no further claim in respect of the work executed.

19.4 Statutory deduction towards income tax and other taxes as and when directions from statutory bodies are received will be made at the time of making payments as applicable as per Government Rules. GST-TDS as per applicable rates will be deducted, wherever applicable.

20.0 GST:

a. It is the responsibility of the bidder to ensure that the GST registration number is valid and active. Payments will not be made to inactive or invalid GST invoices. Non-GST invoices will not be accepted.

b. Invoice should specifically disclose the amount of GST levied at applicable rate as per GST provision

c. In case of Correction in the bills after scrutiny, Vendor should submit fresh bills for payment

d. Vendor should timely file his GST return in accordance with GST provisions to enable the bank to claim the credit of GST paid to the Vendor

20.1 The works will be paid for as "measured work" on the basis of actual work done and not as "lump sum" contract, unless otherwise specified.

20.2 All items of work described in the schedule of quantities are to be deemed and paid as complete works in all respects and details including preparatory and finishing works involved, directly related to and reasonably detectable from the drawings, specifications and schedule of quantities and no further extra charges will be allowed in this connection. In the case of lumpsum charges in the tender, in respect of any items of work, payment will be made for the actual work done on the basis of lump sum charges, as will be assessed by SBI.

21.0 PERIOD OF CONTRACT & EXTENSION OF TIME

21.1 Time is the essence of the contract. The Contract shall be executed within the stipulated period in the NIT. No request for extension will be entertained and the bidder has to plan and mobilize his resources for the satisfactory completion of the project within the time period agreed in the tender.

21.2 If in the opinion of the Bank, the work is delayed due to the following reasons not attributable to the Vendor, the employer shall make a fair and reasonable extension of time, for completion of the Contract works

- a) By force majeure (or)
- b) By reason of any exceptionally inclement weather (or)
- c) By reason of proceedings taken or threatened by or dispute with adjoining or neighbouring owners of public authorities arising, then through the Vendor's own default (or)
- d) By the works not referred in the Schedule of Quantities or specifications (or)
- e) By reason of civil commotion, workmen strike or lock-out(or)
- f) In consequence of the Vendor not having in due time, necessary instructions from the Bank for which he shall have specifically applied in writing

ahead of time, giving reasonable time to prepare such instructions

21.3 In case of such strike or lock-out, the Vendor shall as soon as possible give written notice thereof to the employer, but the Vendor shall nevertheless constantly use his endeavours to prevent delay and shall do all they may reasonably be required, to the satisfaction of the Bank to proceed with the work.

21.4 In case the work is held up for any site conditions not attributable to the Vendors or for any decisions instructions / want of details from Bank or for any of the conditions, the Vendor shall be allowed reasonable extension of time by the Bank but any claim for idle labour shall not be entertained by the Bank. Vendor's quoted rates should include for all such contingencies.

21.5 If the completion of work is likely to be delayed for any reasons beyond control and the due date of completion as stipulated in the contract, the Vendor shall apply to SBI in writing at least 15 days before the expiry of the scheduled time and while applying for extension of time he shall furnish the reasons in detail and his justification if any, for the delays. While granting extension of time the Vendor shall be informed the period extended time which will qualify for levy of liquidated damages. For the balance period in excess of original stipulated period and duly sanctioned extension of time by SBI the provision of liquidated damages as stated in the bid document shall become applicable. Further contract shall remain in force even for the period beyond the due date of completion irrespective whether the extension is granted or not.

22.0 LIQUIDATED DAMAGES / PENALTY FOR DELAY IN COMPLETION:

22.1 If the Vendor fails to maintain the required progress or to complete the work and clear the site including removing debris on or before the contracted or extended date or completion without justification in support of the cause of delay, he may be called upon without prejudice to any other right of remedy available under the law to SBI on account of such breach to pay a liquidated damages at the rate of **0.5% of the contract value per week or part thereof subject to a maximum of 5% of the contract value**. Upon further delay, the allocation of project order shall be cancelled and the Security Deposit amount would be forfeited.

22.2 All costs, damages or expenses which SBI may have paid or incurred, which under the provisions of

the Contract, the Successful bidder is liable/will be liable, will be claimed by SBI. All such claims shall be billed by SBI to the Vendor / Successful bidder under the contract or may be recovered by actions of law or otherwise, if the Successful bidder fails to satisfy SBI of such claims.

22.3 In any case in which under any clause or clauses of this contract, the Vendor shall have rendered himself liable to pay compensation amounting to the whole of his security deposit SBI shall have the power to rescind the contract (of which rescission notice in writing to the Vendor by SBI shall be conclusive evidence) and in which case the security deposit of the Vendor shall be forfeited and be absolutely at the disposal of SBI.

23.0 SECURITY DEPOSIT

23.1 Retention Money: From each running bill, an amount at the rate of 10% of the gross value of the running bill shall be recovered as retention money, till the total retention amount including the ISD amount already with the Bank become 5% of the value of the total contract amount. This amount is called as Total Security Deposit, which consists of two components

- a) ISD - Initial Security Deposits.
- b) RM - Retention Money.

23.2 The total security deposit will be kept with the Bank. The total security deposit amount shall be refunded without interest to the Vendor 30 days after the end of defects liability period, provided he has satisfactorily carried out all the works and attended to rectification of all defects in accordance with the conditions of the contract including clearing the site.

23.3 The Vendor shall make good at his own cost and to the satisfaction of the Bank all defects, which may appear within the defects liability period. In case of failure on the part to do so, the cost of rectifying the defects through any other agency shall be deducted from the amount of security deposit due to the Vendor.

23.4 During the contract period, all compensation or other sums of money payable by the Vendor to Bank under the terms of this contract, will be deducted from the security deposit, or from any sum that may become due to the Vendor on any account whatsoever.

23.5 In the event of the Security Deposit being reduced by reasons of any such deductions, the Vendor shall within 7 days of being asked to make

good, by DD, any sum which have been deducted from his security deposit.

24.0 PERFORMANCE BANK GUARANTEE(PBG) in lieu of SECURITY DEPOSIT:

i. The security Deposit retained by the Bank will be released against a PBG for a similar amount valid for the entire period of the contract including the warranty period. Format of PBG will be provided by SBI at the time of commissioning and handing over by the Vendor.

ii. The Bank Guarantee is required to protect the interest of the Bank against delay in supply/installation and the risk of non-performance of System Provided; or poor performance of the material or system sold; or breach of any terms and conditions of the Agreement, which may warrant invoking of Bank Guarantee.

25.0 EXECUTION OF WORKS:

The Vendor shall carry out and complete the works as per standard specifications / as stipulated in this contract and relevant IS recommendations in coordination with the branches/offices and to the satisfaction of the Bank. SBI will issue further written instructions, detailed directions and explanations with respect to the specifications, quality or quantity of works or the addition or omission or substitution of any work.

26.0 VARIATION IN QUANTITY / SUBSTITUTION OF ITEM

26.1 The Schedule of Quantities unless otherwise stated shall be deemed to have been prepared in accordance with the Standard Procedure shall be considered to be approximate and no liability shall attach to the Bank for any error which may be discovered therein.

26.2 The Bank reserves the right to increase or decrease or delete or omit or execute only a part or the whole or any excess thereof, as per the site requirements, without assigning any reason there for at the time of allotment / execution of work. Vendor will be paid for the actual work done at the site. No variation shall vitiate the contract.

26.3 The tender rates shall be fixed and applicable for any increase or decrease in the tendered quantities. Nothing extra will be paid by the Bank on account of omission / deletion of items or decrease in the quantity of items. The Bank shall not entertain

any claim whatsoever from the Vendor on this account. Payment will be made on actual measurement of the work done. All measurements shall be as per relevant I.S. standards

26.4 Bank reserves the right to order more quantities than what is mentioned in this tender (at the same rate and terms and conditions) either at the same site or other sites as per the need within the validity of this tender.

26.5 The price of all additional items/non-tendered items will be worked out based on rates quoted for similar items in the contract wherever existing. If similar items are not available, the rates for such items will be derived as per standard method of rate analysis based on prevalent fair price of labour, material and other components as required with 15% towards Vendor's profit and overheads.

27.0 MATERIALS, WORKMANSHIP, SAMPLES, TESTING OF MATERIALS

27.1 All the works specified and provided for in the specifications or which may be required to be done in order to perform and complete any part thereof shall be executed in the best and most workman like manner with materials of the best and approved quality of the respective kinds in accordance with the particulars contained in and implied by the specifications and as represented by the drawings or according to such other additional particulars, and instructions as may from time to time be given by SBI during the execution of the work and to his entire satisfaction. The Vendor shall use only products bearing ISI marking in the work for those materials for which no makes are mentioned in the tender.

27.2 No refurbished, second hand and spurious materials should be used. If required, the Vendor has to submit the details of the source of his purchase of materials to SBI. SBI reserves its right to enquire and collect data from the supplier to confirm the authenticity of the materials. SBI has the right to stringent action against the Vendor, as deemed fit, in addition to suspend / cancel the contract.

27.3 Vendor should get approval of the samples of materials in advance with SBI's Engineer before use of the same in the work. Should be Vendor desire to substitute any specified materials

with "Equal" or "Other approved" etc., he/they must obtain the specific approval of the Bank in writing for any such substitution, well in advance.

27.4 Samples of all materials to be used must be submitted when so directed by SBI. If required, the Vendor shall have to carry out tests on materials in approved materials testing laboratories or as prescribed by SBI at his own cost to prove that the materials etc., under test conform to the relevant I.S Standards or as specified in the specifications. The necessary charges, transporting, testing etc., shall have to be borne by the Vendor. No extra payment on this account will be entertained.

27.5 If the Vendor has used any material which is not complying with the specifications, or the workmanship is bad or the material used is substandard or second hand etc, SBI shall during the progress of the work have power to order the removal and substitution of the material or proper re-execution of the work within a reasonable time. In case the Vendor refuses to comply with the order, SBI shall have the power to employ other agencies to rectify or re-execute the work at the cost and risk of the Vendor.

27.6 Any damage (during the work) to any part of the work or to the premises for any reasons due to rain, storm or neglect of Vendor shall be rectified by the Vendor in an approved manner at no extra cost.

27.7 Should the work be suspended by reason of rain, strike, lock-outs or any other cause, the Vendor shall take all precautions necessary for the protection of work and at his own expenses shall make good any damage arising from any of these causes.

27.8 When the Bank observes that the progress of the work is not satisfactory or very slow or not in a workmanship manner or of poor quality or violative of safety protocols etc, the Vendor shall be issued a suitable advise to rectify the same or replace the materials or redo the entire work, within a reasonable time frame. If the Vendor could not rectify the things within the time frame given, in the interest of the work, the Employer reserves the right to execute any part of the work included in this contract or the entire work by any other Agency or persons and Vendor shall allow all reasonable facilities and extend cooperation for the execution of such work.

27.9 All expenses consequent thereon or incidental thereto as certified by SBI shall be borne

by the Vendor or may be deducted from any money due to or that may become due to the Vendor. No certificate shall relieve the Vendor from his liability in respect of unsound work or bad materials.

28.0 DETAILED DRAWINGS AND INSTRUCTIONS

The successful bidder shall survey the project site location, design the solar PV system and furnish with reasonable promptness additional instructions by means of drawings or otherwise necessary for the proper execution of the work. All such drawings and instructions shall be pre-approved by SBI and thereto consistent with the contract documents, true developments thereof and reasonably inferable there from.

The work shall be executed in conformity therewith and the Vendor prepare a detailed program schedule indicating therein the date of start and completion of various activities on receipt of the work order and submit the same to SBI

29.0 LANGUAGE ERRORS, OMISSIONS AND DISCREPANCIES

In case of errors, omissions and/or disagreement between written and scaled dimensions on the drawings or between the drawings and specifications etc., the following order shall apply.

- i) Between scaled and written dimension (or description) on a drawing, the latter shall be adopted.
- ii) Between the written or shown description or dimensions in the drawings and the corresponding one in the specification the former shall be taken as correct.
- iii) Between the duplicate/subsequent copies of the tender, the original tender shall be taken as correct.
- iv) The Bank / SBI clarification regarding partially omitted particulars of typographical or Clericals errors shall be final and binding on the Vendors.

30.0 PROTECTION OF WORKS AND PROPERTY

The Vendor shall continuously maintain adequate protection, of all his work from damage and shall protect SBI's properties from injury or loss arising in connection with contract. The Vendor shall be responsible for any loss or damage to SBI property, materials, tools or other articles used held for use in

connection with the work. He shall make good any such damage, injury, loss due to his fault or negligence except which are due to causes beyond his control. He shall take adequate care and steps for protection of the adjacent properties.

The Vendor shall take all precautions for safety and protection of his employees on the works and shall comply with all applicable provisions of Government and local bodies safety laws and building codes to prevent accidents, or injuries to persons or property of about or adjacent to his place of work. The Vendor shall take insurance covers as per insurance clause mentioned in the NIT at his own cost.

In case the Vendor refuses to comply with the order the Employer shall have the power to employ and pay other agencies to carry out the work and all expenses consequent or incidental there to as certified by the Bank/SBI/shall be borne by the Vendor or may be deducted from any money due to or that may become due to the Vendor. No certificate shall relieve the Vendor from his liability in respect of unsound work or bad materials.

31.0 QUALITY OF MATERIALS, WORKMANSHIP & STANDARDS

31.1 The Design, engineering, manufacture, supply, installation, testing and performance of the equipment shall be in accordance with latest appropriate IEC/ Indian Standards as detailed in the technical specifications of the bid document. Where appropriate Indian Standards and Codes are not available, other suitable standards and codes as approved by the MNRE shall be used.

31.2 The specifications of the components should meet the requirements mentioned in technical specifications.

31.3 Any supplies which have not been specifically mentioned in this Contract, but which are necessary for the design, engineering, manufacture, supply & performance or completeness of the project shall be provided by the Bidder without any extra cost and within the time schedule for efficient and smooth operation and maintenance of the SPV plant.

32.0 WORK PERFORMED AT VENDORS RISK

All works shall be done by the Vendor with utmost care and if any loss or damage shall result from fire or from others cause, the Vendor shall promptly make good such loss or damage or replace and make

the Bank free from all such expenses. The work shall be carried on to completion without interferences with the operations of existing machinery or equipment, if any. In case, performance of Solar PV System found unsatisfactory during any time, SBI has rights to terminate the contract.

33.0 AUTHORITIES, NOTICES, PATENT RIGHTS AND ROYALTIES

The Vendor shall conform to the provisions of any Acts of the Legislature relating to the work, and to the Regulations and Bye-Laws of any authorities, and/or any water, lighting and other companies, and/ or authorities with whose systems the structures were proposed to have connection and shall before making any variations from the drawings or specifications that may be associated to so conform, give the Bank / SBI written notices specifying the variations proposed to be made and reasons for making them and apply for instruction thereon. The Bank / SBI on receipt of such intimation shall give a decision within a reasonable time.

The Vendor/s shall arrange to give all notices required for by the said Acts, Regulations or Bye-laws to be given to any authority, and to pay to such authority or to any public officer all fees that may be properly chargeable in respect of the work and lodge the receipts with the Employer.

The Vendor shall indemnify the Bank against all claims in respect of patent rights, designs, trademarks or name or the protected rights in respect of any constructional plant, machine, work or material used for or in connection with the works or temporary works and from and against all claims, demands, proceedings, damages, costs, charges, and expenses whatsoever in respect thereof or in relation thereto. The Vendor shall defend all actions arising from such claims, unless he has informed SBI/, before any such infringement and received their permission to proceed and shall himself pay all royalties, license fees, damages, cost and charges of all and every sort that may be legally incurred in respect thereof.

34.0 PERMITS, LAWS AND REGULATIONS

Permits and licenses required for the execution of the work shall be obtained by the Vendor at his own expenses. The Vendor shall give notices and comply with the regulations, laws, and ordinances rules, applicable to the contract. If the Vendor observes any discrepancy between the drawings and specifications, he shall promptly notify SBI in writing.

If the Vendor performs any act which is against the law, rules and regulations he shall meet all the costs arising there from and shall indemnify SBI any legal actions arising there from.

35.0 OBTAINING INFORMATION RELATED TO EXECUTION OF WORK

No claim by the Vendor for payment shall be entertained for installation of Solar PV System. The Successful Bidder shall survey and study the rooftop area of location for the feasibility and maximum capacity (shadow free area), can be incorporated. Any incorrect information or the failure to obtain correct information will not relieve him from any risks or from the entire responsibility for the fulfillment of contract. All the acquired data to be certified/ approved by SBI Engineer, before proceeding further.

36.0 ASSIGNMENT AND SUBLETTING

The whole of the works included in the contract shall be executed by the Vendor and the Vendor shall not directly or indirectly transfer, assign or underlet the contract or any part, share or interest therein nor, shall take a new partner, without written consent of the Bank and no subletting shall relieve the Vendor from the full and entire responsibility of the contract or from active superintendence of the work during their progress

37.0 NO COMPENSATION FOR RESTRICTIONS OF WORK

If, at any time, after acceptance of the tender, SBI shall decide to abandon or reduce the scope of work for any reason whatsoever and hence not require the whole or any part of the work to be carried out, SBI shall give notice in writing to that effect to the Vendor and the Vendor shall act accordingly in the matter.

In such case, the Vendor shall not claim any charges on the cartage or cost of materials brought to the site of the work by him. ownership of material rests on the successful bidder and he should remove materials and vacate the premises on his own.

38.0 SUSPENSION OF WORK

i) The Vendor shall, on receipt of the order in writing of SBI (whose decision shall be final and binding on the Vendor) suspend the progress of works or any part thereof for such time and in such manner as SBI may consider necessary so as not

cause any damage or injury to the work already done or endanger the safety thereof for any of following reasons.

- a) On account any default on the part of the Vendor ,or
- b) For proper execution of the works or part thereof for reasons other than the default of the Vendor to, or
- c) For safety of the works or part thereof.

The Vendor shall, during such suspension, properly protect and secure the works to the extent necessary and carry out the instructions given in that behalf by SBI.

ii) If the suspension is ordered for reasons (b) and (c) in sub-Para (i) above: The Vendor shall be entitled to an extension of time equal to the period of every such suspension. No compensation whatsoever shall be paid on this account.

39.0 INSURANCE OF WORKS

Without limiting his obligations and responsibilities under the contract the Vendor shall insure in the joint names of SBI and the Vendor against all loss or damages from whatever cause arising other than the excepted risks, for which he is responsible under the terms of contract and in such a manner that SBI and Vendor are covered for the period stipulated in NIT and are also covered during the period of maintenance/warranty for loss or damage arising from a cause, occurring prior to the commencement of the period of maintenance and for any loss or damage occasioned by the Vendor in the course of any operations carried out by him for the purpose of complying with his obligations under clause.

- a) The works for the time being executed to the estimated current Contract value thereof, or such additional sum as may be specified together with the materials for incorporation in the works at their replacement value.
- b) The constructional plant and other things brought on to the site by the Vendor to the replacement value of such constructional plant and other things.
- c) Such insurance shall be effected with an insurer and in terms approved by SBI which approval shall not be unreasonably withheld and

the Vendor shall when ever required produce to SBI the policy of insurance and the receipts for payment of the current premiums.

40.0 Damage to persons and property

The Vendor shall, except if and so far as the contract provides otherwise, indemnify SBI against all losses and claims in respect of injuries or damages to any person or material or physical damage to any property whatsoever which may arise out of or in consequence of the execution and maintenance of the works and again stall claims proceedings, damages, costs, charges and expenses whatsoever in respect of or in relation thereto except any compensation of damages for or with respect to :

40.1.1 The permanent use or occupation of land by or any part thereof.

40.1.2 The right of SBI to execute the works or any part thereof, on, over, under, in or through any lands.

40.1.3 Injuries or damages to persons or properties which are unavoidable result of the execution or maintenance of the works in accordance with the contract.

40.1.4 Injuries or damage resulting from any act or neglect of Vendor, to persons or property of SBI, their agents, employees or other Vendors not being employed by the Vendor or in respect of any claims, proceedings, damages, costs, charges and expenses in respect thereof or in relation thereto or where the injury or damage was contributed to by the Vendor, his servants or agents such part of the compensation as may be just and equitable having regard to the extent of the responsibility of SBI, their employees, or agents or other employees, or agents or other Vendors for the damage or injury.

40.2 Vendor to indemnify SBI

The Vendor shall indemnify SBI against all claims, proceedings, damages, costs, charges and expenses in respect of the matters referred to in the various clauses of this tender.

40.3 Vendor's superintendence

The Vendor shall fully indemnify and keep indemnified SBI against any action, claim, or proceeding relating to infringement or use of any patent or design or any alleged patent or design rights and shall pay any royalties which may be

payable in respect of any article or part thereof included in the contract. In the event of any claim made under or action brought against SBI in respect of such matters as afore said the Vendor shall be immediately notified thereof and the Vendor shall be at liberty, at his own expenses to settle any dispute or to conduct any litigation that may arise there from, provided that the Vendor shall not be liable to indemnify SBI if the infringement of the patent or design or any alleged patent or design right is the direct result of an order passed by SBI in this behalf.

40.4 Third Party Insurance

Before commencing the execution of the work the Vendor but without limiting his obligations and responsibilities shall insure against his liability for any material or physical damage, loss, or injury which may occur to any property including that of SBI, or to any person, including any employee of SBI, by or arising out of the execution of the works or in the carrying out of the contract

40.4.1 Minimum Amount of Third-Party Insurance:

Such insurance shall be effected with an insurer and in terms approved by SBI which approval shall not be reasonably withheld and for at least the amount stated below. The Vendor shall, whenever required, produce to SBI the policy or policies of insurance cover and receipts for payment of the current premiums.

40.5 Minimum Insurance Cover

The minimum insurance cover for physical property, injury, and death is Rs.5.0lacs per occurrence with the number of occurrences limited to four. After each occurrence Vendor will pay additional premium necessary to make insurance valid for four occurrences always.

40.6 Accident or Injury to Workmen

SBI shall not be liable for or in respect of any damages or compensation payable at law in respect or in consequence of any accident or injury to any workmen or other person in the employment of the Vendor or any sub-Vendor, save and except an accident or injury resulting from any act or default of SBI or their agents, or employees. The Vendor shall indemnify and keep indemnified SBI against all such damages and compensation, save and except as aforesaid and against all claims, proceedings, costs, charges and expenses whatsoever in respect thereof or in relation thereto.

40.7 Insurance against accidents etc. to workmen

The Vendor shall insure against such liability with an insurer approved by SBI during the whole of the time any person employed by him on the works and shall, when required, produce to SBI such policy of insurance and receipt for payment of the current premium. Provided always that, in respect of any persons employed by any sub-contractor the Vendor's obligation to insure as aforesaid under this sub-clause shall be satisfied if the sub-Vendor shall have insured against the liability in respect of such persons in such manner that SBI is indemnified under the policy but the Vendor shall require such sub-contract or to produce to SBI when required such policy of insurance and the receipt for the payment of the current premium.

40.8 Remedy on Vendor's failure to insure

If the Vendor fails to effect and keep in force the insurance referred to above or any other insurance which he may be required to effect under the terms of contract, then and in any such case SBI may effect and keep in force any such insurance and pay such premium or premiums as may be necessary for that purpose and from time to time deduct the amount so paid by SBI as aforesaid and also deduct 15% of contract value from any amount due or which may become due to the Vendor, or recover the same as debt from the Vendor.

Without prejudice to the other rights of SBI against Vendors, in respect of such default, the Bank shall be entitled to deduct from any sums payable to the Vendor the amount of any damage's costs, charges, and other expenses paid by SBI and which are payable by the Vendors under this clause. The Vendor shall upon settlement by the insurer of any claim made against the insurer pursuant a policy taken under this clause, proceed with due diligence to rebuild or repair the works destroyed or damaged. In this event all the moneys received from the insurer in respect of such damage shall be paid to the Vendor and the Vendor shall not be entitled to any further payment in respect of the expenditure incurred for rebuilding or repairing of the materials or goods destroyed or damaged.

41.0 COMMISSIONING:

The projects shall be commissioned, within a period of as specified in the NIT from the date of execution of the LoA. Subject, delay in commissioning, beyond the Scheduled Commissioning Period shall involve penalties.

42.0 WORK BY OTHER AGENCIES

SBI reserves the rights to use premises and any portion of the site for execution of any work not included in the scope of this contract which it may desire to have carried out by other persons simultaneously and the Vendor shall not only allow but also extend reasonable facilities for the execution of such work. The Vendor however shall not be required to provide any plant or material for the execution of such work except by special arrangement with SBI. Such work shall be carried out in such manners not to impede the progress of the works included in the contract.

43.0 OWNER'S RIGHT TO TERMINATE THE CONTRACT

If the Vendor being an individual or a firm commit any 'Act of Insolvency' or shall be adjusted an insolvent or being an incorporated company shall have an order for compulsory winding up voluntarily or subject to the supervision of Government and of the Official Assignees of the liquidator in such acts of insolvency or winding up shall be unable within seven days after notice to him to do so, to show to the reasonable satisfaction of SBI that he is able to carry out and fulfill the contract, and to give security therefore if so required by SBI. Or if the Vendor (whether an individual firm or incorporated Company) shall suffer execution to be issued or shall suffer any payment under this contract to be attached by or on behalf of any of the creditors of the Vendor Or shall assign or sublet this contract without the consent in writing of SBI or shall charge or encumber this contract or any payment due to which may become due to the Vendor there under.

- a) Has abandoned the contract; or
- b) Has failed to commence the works, or has without any lawful excuse under these conditions suspended the progress of the works for 14 days after receiving from SBI written notice to proceed, or
- c) Has failed to proceed with the works with such diligence and failed to make such due progress as would enable the works to be completed within the time agreed upon, or
- d) Has failed to remove the materials from the site or to pull down and replace work within seven days after written notice from SBI that the said materials were condemned and rejected by SBI under these conditions: or

e) Has neglected or failed persistently to observe and perform all or any of the acts, matters or things by this contract to be observed and performed by the Vendor for seven days after written notice shall have been given to the Vendor to observe or perform the same or has to the detriment of good workmanship or in defiance of SBI's instructions to the contrary subject any part of the contract.

Then and in any of said cases SBI, after giving seven days' notice in writing to the Vendor, terminate the contract without any conditional clauses.

44.0 SETTLEMENT OF DISPUTES AND ARBITRATION

Except where otherwise provided in the contract all questions and disputes relating to the meaning of the specifications, design, drawings and instructions herein before mentioned and as to the quality of workmanship or materials used on the work or as to any other question, claim, right, matter or thing whatsoever in any way arising out of or relating to the contract, designs, drawings, specifications, estimates, instructions, orders or these conditions or otherwise concerning the work or the execution or failure to execute the same, whether arising during the progress of the work or after the cancellation, termination, completion or abandonment thereof shall be dealt with as mentioned hereinafter:

- i) If the Vendor considers that he is entitled to any extra payment or compensation in respect of the Works over and above the amounts admitted as payable by SBI or in case the Vendor wants to dispute the validity of any deductions or recoveries made or proposed to be made from the contract or raise any dispute, the Vendor shall forth with give notice in writing of his claim, or dispute to the Assistant General Manager (Premises & Estate) / Dy. General Manager (Premises) and endorse a copy of the same to SBI, within 30 days from the date of dis allowance thereof or the date of deduction or recovery. The said notice shall give full particulars of the claim, grounds on which it is based and detailed calculations of the amount claimed and the Vendor shall not be entitled to raise any claim nor shall the Bank be in any way liable in respect of any claim by the Vendor unless notice of such claim shall have been given by the Vendor to the Assistant General Manager (Premises & Estate) in the manner and within the time as aforesaid. The Vendor shall be deemed to have waived and extinguished all his rights in respect of any claim not notified to the Assistant General Manager (Premises & Estate) in

writing in the manner and within the time aforesaid.

ii) The Assistant General Manager (Premises & Estate) shall give his decision in writing on the claims notified by the Vendor. The Vendor may within 30 days of the receipt of the decision of the Assistant General Manager (Premises & Estate) /Dy. General Manager (Premises) submit his claims to the conciliating authority namely the Circle Development Officer/General Manager (Corporate Services) for conciliation along with all details and copies of correspondence exchanged between him and the Assistant General Manager (Premises & Estate) / Dy.General Manager (Premises).

iii) If the conciliation proceedings are terminated without settlement of the disputes, the Vendor shall, within a period of **30 days** of termination thereof shall give a notice to the concerned Chief General Manager of the Bank for appointment of an arbitrator to adjudicate the notified claims failing which the claims of the Vendor shall be deemed to have been considered absolutely barred and waived.

iv) Except where the decision has become final, binding and conclusive in terms of the contract, all disputes or differences arising out of the notified claims of the Vendor as aforesaid and all claims of the Bank shall be referred for adjudication through arbitration by the Sole Arbitrator appointed by the Chief General Manager/. It will also be no objection to any such appointment that the Arbitrator so appointed is a Bank Officer and that he had to deal with the matters to which the Contract relates in the course of his duties as Bank Officer. If the arbitrator so appointed is unable or unwilling to act or resigns his appointment or vacates his office due to any reason what so ever another sole arbitrator shall be appointed in the manner aforesaid by the said Chief

General Manager/. Such person shall be entitled to proceed with the reference from the stage at which it was left by his predecessor.

It is a term of this contract that the party invoking arbitration shall give a list of disputes with amounts claimed in respect of each dispute along with the notice for appointment of arbitrator.

It is also a term of this contract that no person other than a person appointed by such Chief General Manager aforesaid should act as arbitrator.

The conciliation and arbitration shall be conducted in accordance with the provisions of the Arbitration & Conciliation Act 1996 or any statutory modification or re-enactment thereof and the rules made there under.

It is also a term of the contract that if any fees are payable to the arbitrator these shall be paid equally by both the parties. However, no fees will be payable to the arbitrator if he is a Bank Officer.

It is also a term of the contract that the arbitrator shall be deemed to have entered on the reference on the date he issues notice to both the parties calling them to submit their statement of claims and counter statement of claims. The venue of the arbitration shall be such place as may be fixed by the arbitrator in his sole discretion. The fees if any, of the arbitrator shall, if required to be paid before the award is made and published, be paid half and half by each of the parties. The cost of the reference and of the award (including the fees, if any of the arbitrator) shall be in the discretion of the arbitrator who may direct to any by whom and in what manner, such costs or any part thereof shall be paid and fix or settle the amount of costs to be so paid.

SPECIAL CONDITIONS OF CONTRACT

In the event of any discrepancy with clauses mentioned anywhere else in the tender with the clauses mentioned within General conditions of contract, the clauses mentioned within the special conditions of contract shall supersede those mentioned else where.

1.0 WORK DURING NIGHTS AND HOLIDAYS

Subject to any provision to the contrary contained in the contract no permanent work shall save as herein provided be carried on during the night or on holidays without the permission in writing of SBI, save when the work is unavoidable or absolutely necessary for the saving of life or property or for the safety of the work in which case the Vendor shall immediately advise SBI.

However, the provision of the clause shall not be applicable in the case of any work which becomes essential to carry by rotary or double shifts in order to achieve the progress and quality of the part of the works being technically required and continued with the prior approval of SBI at no extra cost to SBI. All work at night after obtaining approval from competent authorities shall be carried out without unreasonable noise and disturbance.

2.0 CUTTING AND MAKING GOOD

Where it is found necessary to interfere with finished work in order to execute this contract, the Vendor will be required to do all necessary work at his expenses. Only approved hangers and bolts or other metal fixing devices shall be used to secure frames panels and other units in position. Wooden plugs will not be permitted. Holes shall be formed with electric drills whenever possible.

Puncturing or drilling the roof or structural members in the site are not allowed without prior consent of the Bank.

3.0 WATER & POWER SUPPLY:

The Vendor shall make at his own cost arrangements for water and power required for the work and power distribution system for driving plant or machinery and for lighting purposes. Nothing extra will be paid for the same. He has to obtain necessary approvals from the appropriate authorities, if required.

4.0 CUSTODY AND SECURITY OF MATERIALS

The Vendor shall store their materials like fixtures, cables, DBs, wires, tools etc at the site with the permission of the Bank. However, the Vendors shall be responsible for the custody and security of all materials and equipment at site. He will provide full time watchman to look after his materials, stores, equipment etc. No claim for loss or theft will be entertained by the Bank. Shelter or stay and other amenities for the technicians have to be arranged by the Vendor at his own expense and responsibility.

On completion of the works, the Vendor shall remove all tools, surplus materials, rubbish and temporary works of every kind and leave the whole of the site and the works clean and in a workman like condition to the satisfaction of the Bank

5.0 MAINTENANCE OF REGISTERS:

The Vendor shall maintain the following registers at the site and should produce the same for inspection of SBI whenever desired by them. The Vendor shall also maintain the records/registers as required by the local authorities/Government from time to time.

- a) Register for hindrance to work
- b) Register for labour

6.0 LOCAL LAWS, ACTS, REGULATIONS

6.1 The Vendor shall conform to the provisions of any Acts of the Legislature relating to the work, and to the Regulations and Bye-Laws of any authorities like Electricity, Pollution Control Boards, Municipal Authorities, water and Sewerage boards and shall before making any variations from the drawings or specifications that may be associated to so conform, give the Bank written notices specifying the variations proposed to be made and reasons for making them and apply for instruction thereon. The Bank on receipt of such intimation shall give a decision within a reasonable time.

6.2 The Vendor/s shall arrange to give all notices required for by the said Acts, Regulations or Bye-laws to be given to any authority, and to pay to such authority or to any public officer all fees that may be properly chargeable in respect of the work and lodge the receipts with the Bank. The Vendor shall indemnify the Bank against all claims in respect of patent rights, designs, trademarks or name or the protected rights in respect of any equipment, machine, work or material used for or in connection

with the works or temporary works and from and against all claims, demands, proceedings, damages, costs, charges, and expenses whatsoever in respect thereof or in relation thereto. The Vendor shall defend all actions arising from such claims, unless he has informed the Employer, before any such infringement and received their permission to proceed and shall himself pay all royalties, license fees, damages, cost and charges of all and every sort that may be legally incurred in respect thereof.

6.3 The Vendor shall keep the Bank saved harmless and indemnified against claims if any of the workmen and all costs and expenses as may be incurred by the Bank in connection with any claim that may be made by any workmen.

6.4 The Vendor shall strictly adhere to all prevailing labour laws inclusive of Contract Labour (Regulation and Abolition Act of 1970), in case the Vendor is principal employer where vendor engages sub-contractors if any and other safety regulations. The Vendor shall comply with the provision of all labour legislation including the latest requirements of all the Acts, laws, any other regulations that are applicable to the execution of the project.

- a) Minimum Wages Act, 1948(Amended)
- b) Payment of Wages Act 1936(Amended)
- c) Workman's Compensation Act 1923(Amended)
- d) Contract Labour Regulation and Abolition Act 1970 and Central Rules 1971(Amended)
- e) Apprentice Act 1961(Amended)
- f) Industrial Employment (Standing Order) Act 1946(Amended)
- g) Personal Injuries (Compensation Insurance) Act 1963 and any other modifications
- h) Employees Provident Fund and Miscellaneous Provisions Act 1952 and amendment
- i) Shop and Establishment Act
- j) Any other Act or enactment relating thereto, and rules framed there under from time to time.

All the Licenses and necessary Registers to be maintained by the Vendor shall be verified by SBI anytime.

7.0 DEBARRED FROM PARTICIPATING IN FUTURE TENDERS

SBI reserves the right to carry out the performance review of each Bidder from the time of submission of Bid onwards. In case it is observed that a bidder has not fulfilled its obligations in meeting the various timelines envisaged, in addition to the other provisions of the Tender, such Bidders may be debarred from participating in SBI any future tender for a period as decided by the competent authority of SBI.

8.0 SAFETY CODE/SAFETY MEASURES:

The bidder shall take entire responsibility for electrical safety of the installation (s) including connectivity with the grid and follow all the safety rules & regulations applicable as per Electricity Act, 2003 and CEA guidelines etc.

9.0 FORCE MAJEURE:

9.1 Neither Vendor nor SBI shall be considered in default in performance of their obligations if such performance is prevented or delayed by events such as wars, insurrections, revolution, civil disturbance, riots, terrorist acts, public strikes, hartal, bandh, fires, floods, epidemic, quarantine restrictions, freight embargoes, declared general strikes in relevant industries, hostilities, droughts, earthquakes or ordinances or any act of God or for any other cause beyond the reasonable control of the party affected or prevented or delayed. However, a notice is required to be given within 30 days from the happening of the event with complete details, to the other party to the contract, if it is not possible to serve a notice, within the shortest possible period without delay.

9.2 As soon as the cause of force majeure has been removed the party whose ability to perform its obligations has been affected, shall notify the other of such cessation and the actual delay incurred in such affected activity adducing necessary evidence in support thereof.

9.3 From the date of occurrence of a case of force majeure obligations of the party affected shall be suspended during the continuance of any inability so caused. With the cause itself and in ability resulting there from having been removed, the agreed time of completion of the respective obligations under this agreement shall stand extended by a period equal to the period of delay occasioned by such events.

9.4 Should one or both parties be prevented from fulfilling the contractual obligations by a state of force majeure lasting to a period of 6 months or more the two parties shall mutually decide regarding the future execution of this agreement.

10.0 ACCIDENTS:

The Vendor shall immediately on occurrence of any accident at or about the site or in connection with the execution of the work report such accident to SBI. The Vendor shall also report immediately to the competent authority whenever such report is required to be lodged by the law and take appropriate actions thereof.

11.0 INSURANCE

The Bidder shall be responsible and take an Insurance Policy for transit-cum-storage-cum-erection for all the materials to cover all risks and liabilities for supply of materials on site basis, storage of materials at site, erection, testing and commissioning. The bidder shall also take appropriate insurance during O&M period.

The Bidder shall also take insurance for Third Party Liability covering loss of human life, engineers and workmen and covering the risks of damage to the third party/material/equipment/properties during execution of the Contract. Before commencement of the work, the Bidder will ensure that all its employees and representatives are covered by suitable insurance against any damage, loss, injury or death arising out of the execution of the work or in carrying out the Contract. Liquidation, Death, Bankruptcy etc., shall be the responsibility of bidder.

12.0 OTHER CONDITIONS:

12.1 The Successful bidder shall not display the photographs of the work and not take advantage through publicity of the work without written permission of SBI and owner of the Rooftop.

12.2 The Successful bidder shall not make any other use of any of the documents or information of this contract, except for the purposes of performing the contract.

12.3 The Vendor shall employ technically qualified / having appropriate skill and competent persons fully trained and adequately experienced technicians, who are medically fit. They should be free from any contagious diseases. They shall be well mannered and properly dressed with shoes etc.

12.4 The Vendor shall provide necessary training on safety measures while executing the work wherever necessary so as to avoid accident. The Bank shall not be responsible for any accident occurred or damage incurred or claims arising there from during the execution of work. The Vendor shall also provide all risk insurance policy including third party insurance as may be necessary to cover the risk.

12.5 The Vendor / firm shall be held responsible for any misdeeds / misbehaviour of their employees within the premises. Bank is not responsible for any damages or claims on account of the misbehaviour / misdeeds of his employees.

12.6 The Vendor shall on the request of the Bank immediately disengage from works any person employed thereon by him, who in the opinion of the Bank misbehave or incompetent. Such discharges shall not be the basis of any claim for compensation or damages against the Bank or any of their officer or employee.

12.7 No employee of the Bank is allowed to act as vendor or work as an employee of Vendor for a period of 2 years of his/her retirement from Bank Services without previous permission of the Bank. This contract is liable to be cancelled, if either the Vendor or any of his employees is any time to be such a person who had not obtained the permission of Bank as aforesaid before submission of the tender or engagement in the Vendor's service.

12.8 Vendor should not engage child labour in any of the activities in this contract.

12.9 The Vendor shall not employ person who is not an Indian National.

13.0 VENDOR'S/ CONTRACTOR'S RESPONSIBILITIES DURING WARRANTY&AMC PERIOD OF 5 YEARS:

13.1 During the warranty and AMC period, Vendor will have to undertake comprehensive support of the entire Solar Power system including all the components (hereinafter referred as "System") supplied by them at no additional cost to the Bank.

13.2 Comprehensive maintenance shall include, among other things, periodic maintenance of the system when required or in the event of system breakdown/ malfunctioning or desired performance was not achieved etc.

13.3 Vendor shall maintain the system to comply with satisfactory performances and Vendor shall be responsible for all costs relating to labour, spares, maintenance (preventive and corrective) and transport charges from and to the site(s) in connection with the repair/ replacement of the system (hardware/ equipment or any component/ part thereunder), which, under normal and proper use and maintenance thereof, proves defective in design, material or workmanship or fails to conform to the specifications, as specified.

13.4 Vendor shall ensure that services of professionally qualified personnel are available for providing comprehensive on-site maintenance of the system

13.5 In case of failure of system or any of its components, Vendor shall ensure that system is made operational to the full satisfaction of the Bank within the given timelines.

13.6 Vendor shall provide preventive maintenance schedules as per periodicity.

13.7 Vendor warrants Products against defect arising out of faulty design, materials, etc.. Vendor shall repair or replace worn out or defective parts including all plastic parts of the Equipment at his own cost including the cost of transport.

13.8 In the event of failure of support from OEM or OEM shutting down their operations, discontinuation of product etc the Vendor shall take responsibility to source the Solar modules, PCBs, spares, components and parts etc from the market or equivalent makes and make all arrangements to restore the system to its full functionality

13.9 Escalation matrix with the name, designation and contact details of the Vendor's Service team shall be submitted to the Bank/Branch/Site. Updated escalation matrix shall be made available to the Bank, each time the technicians or service managers change.

13.10 The Vendor has to clean the Solar panels every 15 days in a month or as and when required to maintain the minimum CUF efficiency levels.

13.11 For evaluating satisfactory performance of the Solar system, the Vendor has to maintain CUF at minimum 15% during the entire warranty & AMC period of 5 years.

13.12 SCOPE OF COMPREHENSIVE AMC

MAINTENANCE DURING DEFECT LIABILITY PERIOD OR WARRANTY PERIOD

13.13 The Vendor shall maintain the plant and associated equipment free of cost and ensure that it works as per tender parameters.

13.14 All spares required for normal operation as per tendered parameters shall be replaced at no extra cost.

13.15 The number of visits shall be same as stipulated in Comprehensive Annual Maintenance.

13.16 COMPREHENSIVE ANNUAL MAINTENANCE (CAM) (after the defect liability period)

13.17 The Vendor shall maintain the plant and associated equipments for a period of Four years after the expiry of defect liability period and ensure that it works as per the tendered parameters.

13.18 The rate of annual maintenance charges shall be furnished for a period of 4 years after the expiry of warranty/defect liability period and the rates quoted shall be binding on the Vendor.

13.19 The cost of CAM furnished shall also be one of the criteria in evaluation of cost economics.

13.20 The Comprehensive Annual Maintenance Charges shall be paid once in three months in advance subject to satisfactory maintenance of previous quarter.

13.21 SCOPE OF COMPREHENSIVE ANNUAL MAINTENANCE CONTRACT FOR SOLAR ROOF TOP POWER SYSTEM (CAMC)

13.22 The Vendor shall offer the following at no extra cost to the bank. The rate quoted for CAMC should include the following.

13.23 The vendor shall maintain the plant and ensure that it works as per the tendered parameters.

13.24 All the repairs and replacements of spares shall be carried out which are necessitated due to usage of system as per tender stipulations. However, the repairs and replacements necessitated by loss or damage due to misuse or accident, fire or natural calamities shall be out of the scope of CAMC.

13.25 The Vendor should visit every month for

preventive maintenance of the system. If any breakdown calls for emergency service, the same shall be attended within 24 hrs. One of the scheduled preventive maintenances shall also be completed during such visits. Visits also shall be made for the upkeep of the system to ensure at no point of time the plant capacity is less than 90%.

13.26 During the Preventive Maintenance, the contract includes servicing including PV panel cleaning, repairing, maintenance and replacement of spare parts.

13.27 Solar Power System for the satisfactory running of the system. During each visit the supplier shall carry out Thermography checks during the CAMC period to identify hot spot of PV modules and take corrective action. The same shall be recorded in a logbook which shall be verified and confirmed by bank's representative.

13.28 During the break down calls, the nature of repair carried out, parts replaced etc shall be recorded in the logbook.

13.29 OTHER TERMS WITH REGARD TO CAMC:

13.30 The rate of annual maintenance charges shall be furnished for a period of 4 years after the warranty/Defect Liability Period and rates quoted shall be binding on the Vendor.

13.31 The scope and terms of Comprehensive Annual Maintenance Contract (CAMC) like number of monthly visits, items covering under CAMC, replacement of spares exclusions if any, down time for break down and service calls shall be as mentioned above.

13.32 The Bank reserves the right of discontinuing the CAMC from the Vendor during the tenancy of the Maintenance Contract.

13.33 The cost of Comprehensive Annual Maintenance Charges shall also be one of the criteria in evaluation of cost economics of the tender. All the activities under this clause shall be completed within the stipulated time.

PRICE BID: (TEMPLATE – ONLY)

TENDER FOR SUPPLY, INSTALLATION, TESTING, COMMISSIONING & MAINTENANCE OF 10KWP ON-GRID SOLAR ROOFTOP POWER PLANTS IN BANK'S OWN BUILDINGS AT _____ IN KARNATAKA STATE.

Bidder should quote the kWp basis taking into consideration all the activities and works covered under the scope of the contract mentioned in the tender document. Amount payable to the successful bidder(s) is based on the actual installed capacity. The rate quoted shall be firm and shall include all costs **excluding GST**.

Sl No	Description	Qty	Unit	Rate	Amount per (Excluding GST)
1	<p>Supply, Installation, Testing and Commissioning including 5 years warranty of grid connected rooftop solar photovoltaic power system with bi-directional net metering. The scope of work includes costs (excluding GST) of Solar Photovoltaic Power Plant conforming to MNRE specifications as amended, consisting of Mono Crystalline silicon solar cells, net metering facility, necessary protections, earthing, mounted on GI structure of suitable strength with following components complete as required:-</p> <p>a) Solar Photovoltaic Module of capacity _545_kWp or above, manufactured in India, conforming to IS 14286/IEC 61215, IS/IEC 61730-Part-1, IS/IEC 61730-Part-2. Solar Photovoltaic Module conversion efficiency shall not be less than 16.5%. PV modules used in solar power plants/ systems must be warranted for their output peak watt capacity, which should not be less than 90% at the end of 10 years and 80% at the end of 25 years.</p> <p>b) Power Conditioning Unit (PCU) of 350-800 V DC Input voltage range and 415 V AC, three phase, 4 wire, 50Hz +/- 2.5 Hz, output voltage suitable to generate AC Power with efficiency not less than 93%, total harmonic distortion less than 3% and suitable for ambient temperature from 0 to 50 degree C. The PCU shall adjust the voltage and frequency level to suit the Grid Voltage Frequency, manufactured in India</p> <p>c) Data Monitoring System complete with accessories.</p> <p>d) Fixing of Array junction box & Main junction box with IP 65 protection and termination arrangement for incoming and outgoing cable along with glands, lugs and other accessories etc. as required.</p> <p>e) Lightning and surge voltage protection with dedicated earth pits. Bidder has to lay suitable size GI earth flat/strip from earth pit to each array of solar power plant including inverter. Earth strip should be painted with two coats of red oxide primer and one coat of anti rust green paint with his cost.</p> <p>f) Connections & Interconnections by supplying & fixing required size XLPE insulated copper conductor</p>	10	kWp		

	<p>1.1 kV grade armoured power and control cables between solar modules, main power cable to grid supply PCU unit along with supplying & fixing of necessary channel/conduit lugs and other accessories etc. as required. The scope of work includes supply and laying of suitable size armored aluminium cable(Max length of the cable is 50Rmt) from ground floor main panel to Solar AC DB near inverter.</p> <p>The Scope also includes</p> <p>(i) getting necessary approvals from Government Authorities, as per the site requirement including fees and other incidental expenses to be paid</p> <p>(ii) loading, transport, unloading and shifting of the above materials to the terrace irrespective of the height and number of floors as per site requirement</p> <p>(iii) Assembling of all the components, parts, fabrication and erection of the supports for the Solar panels and Installation of the entire system</p> <p>(iv) wastage of materials during execution</p> <p>(v) Water and power required at the site for execution of the work at the site</p> <p>(vi) temporary works such as scaffolding, cleaning the site before and after the installation of the system, disposing all the debris generated during the work</p> <p>(vii) all type of Insurance Charges covering men and materials, transit insurance, third party insurance etc</p> <p>(viii) All applicable taxes like levies, Octroi (if applicable), local body taxes (if applicable) etc excluding GST</p> <p>(ix) Overheads, profit, statutory expenses, incidental charges and all related expenses to complete the work etc</p>				
2	<p>Metering Cubicle/ Panel: SITC of outdoor type weather proof type metering cubicle made out of CRCA sheet powder coated as per ESCOM approved standards, makes.</p> <p>(i) Metering cubicle with net metering facility: SITC of metering cubicle with Bidirectional meter, as per ESCOM requirement</p> <p>ii) Solar meter- unidirectional meter for solar generation measurement with metering cubicle as required as per requirements of concerned ESCOM.</p> <p>(iii) charges for testing of new metering equipment, calibration, transportation of same for necessary approvals, preparation of drawings . etc all complete as required to complete the work in total.</p>	1	L.S		
3	<p>Comprehensive Annual Maintenance Contract – after 1 year DLP (Defects Liability Period). Comprehensive warranty and maintenance of the entire system for each year including cleaning the</p>				

	system at least once in a month. Amount will be paid quarterly.				
	CAMC charges for 2 nd year (FOR 10 kWp)		L.S		
	CAMC charges for 3 rd year (for 10 kWp)		L.S		
	CAMC charges for 4 th year (for 10 kWp)		L.S		
	CAMC charges for 5 th year (for 10 kWp)		L.S		
	GRAND Total (1+2+3) to Decide L-1				
		Rates quoted shall be excluding GST

Annexure-1**UNDERTAKING IN LETTER HEAD TO BE SUBMITTED BY THE BIDDER****(Bidder to take a printout in bidder's letterhead, sign, stamp, scan and upload in the e-tender portal)**

Ref No:

Date:

To
 The Assistant General Manager (P&E),
 SBI, 2nd Floor, P&E Dept.,
 New Annex Building, Local Head Office,
 St: Mark's Road
 Bengaluru – 560001

Dear Sir,

Sub: Design, manufacture, supply, erection, testing and commissioning including 5 years warranty of grid connected roof-top solar photovoltaic power system with net metering for _____ branch under SBI Bengaluru circle.

I/We have examined the above tender and subsequent pre-bid clarifications/ modifications / revisions, if any, furnished by M/s SBI and I/We have inspected the site of works and have made me / us fully acquainted with the local conditions in and around the sites of works and offer to undertake Contract as detailed in this tender by submitting my/our online bids in the Bank's e-tender portal.

1. While submitting this Bid, I / We certify that:

i) I/We are entitled to act on behalf of our company/ organization and empowered to sign this document as well as such other documents, which may be required in this connection. The undersigned is authorized to sign on behalf of the Bidder and the necessary support document delegating this authority is uploaded along with the bid.

ii) We certify that we have not made any changes in the contents of the tender document read with its amendments/clarifications provided by M/s SBI, submitted by us in our Bid document.

2. The rate quoted by us in the online tender portal are as per the detailed scope of work and other requirements mentioned in this tender and subsequent pre-Bid clarifications/ modifications/ revisions furnished by the Bank, without any exception.

3. We have read the provisions of Tender and confirm that these are acceptable to us. We further declare that additional conditions, variations, deviations, if any, found in our response shall not be given effect to. We agree to abide by all the Bid terms and conditions, contents of Agreement and the rates quoted in the bid, which shall remain binding upon

us.

4. If our Bid is accepted, we undertake to enter into and execute at our cost, when called upon by the Bank to do so, a contract in the prescribed form and we shall be jointly and severally responsible for the due performance of the contract.

5. We agree to unconditionally accept all the terms and conditions set out in the Tender document and also agree to abide by this Bid response for a period as mentioned in the Tender from the date fixed for bid opening and it shall remain binding upon us with full force and virtue, until within this period a formal contract is prepared and executed, this Bid response, together with your written acceptance thereof in your notification of Tender, shall constitute a binding contract between us and Bank.

6. We affirm that the information contained in the Technical Bid or any part thereof, including its schedules, and other documents, etc., delivered or to be delivered to Bank is true, accurate, and complete. This proposal includes all information necessary to ensure that the statements therein do not in whole or in part mislead Bank as to any material fact. We also accept that in the event of any information / data / particulars proving to be incorrect, M/s SBI will have the right to disqualify us from the Bid.

7. We understand that you are not bound to accept the lowest or any Bid you may receive, and you may reject all or any Bid without assigning any reason or giving any explanation whatsoever.

8. We hereby undertake that our name does not appear in any "Caution" list of RBI / IBA or any other regulatory body.

9. We also confirm that we have not been blacklisted by any Bank / PSU / State or Central Govt departments for any reasons.

We confirm that we do not have any litigation / cases pending against us in connection with the execution of works for any Bank / PSU / State or Central Govt departments.

We confirm that we are responsible to obtain all necessary licenses, permission, NOC from all the statutory /local authorities for the smooth execution of this contract in SBI premises.

10. We hereby confirm that all the materials/components/spare parts/equipment etc. to be supplied / used as a part of this contract shall be original / new materials / components / parts / equipment only, from respective OEMs of the

products and that no refurbished / duplicate / second hand materials/components /parts/ equipment shall be supplied or shall be used. We also agree that you reserve the right in absolute sense to reject all or any of the products/ service specified in the bid response without assigning any reason whatsoever.

11. For any type of deviation (to any of above or subsequent instructions), it will be my/ our responsibility to obtain the written instruction of the Engineer-in-charge for the same failing which it shall be deemed that I have carried out any such deviations at my own and I shall be duty bound to replace the all deviated material/ works from the site at my/ our cost as well as I shall be liable to be penalized by SBI as deemed fit.

Yours Faithfully,

Signature of the authorized person:

Name of the authorized person:

Designation/Stamp:

TECHNICAL SPECIFICATIONS

The proposed project shall be commissioned as per the technical specifications given below. Any shortcomings will lead to cancellation of contract in full or part as decided by SBI & Competent Authority's decision will be final and binding on the bidder.

1.0 DEFINITION

A Grid Tied Solar Roof Top Photo Voltaic (SPV) system shall consist of following equipment/components.

- Solar PV modules consisting of required number of PV modules.
- Grid interactive Power Conditioning Unit (Inverter, MPPT, Controls & Protections)
- Mounting structures.
- Junction Boxes.
- Interconnection cables & links.
- Cable trays/ UPVC Pipes for cable supports.
- Earthing and lightning protections.
- Remote Data Monitoring System.
- IR/UV protected PVC Cables, Interconnect switches and accessories

Grid tied SPV system is without battery and should be designed with necessary features to supplement the grid power during daytime. Components and parts used in the SPV power plants including the PV modules, metallic structures, cables, junction box, switches, PCUs etc., should conform to the BIS or IEC or international specifications, wherever such specifications are available and applicable.

2.0 PLANNING AND DESIGNING:

1. The bidder should carry out Shadow Analysis & wind load calculation at the site and accordingly design strings & arrays layout considering optimal usage of space, material and labour. The bidder should submit the array layout drawings along with Shadow Analysis Report to SBI for approval.
2. SBI reserves the right to modify the landscaping design, Layout and specification of sub-systems and components at any stage as per local

site conditions/requirements.

3. The bidder shall submit preliminary drawing for formal approval of the Bank to proceed with the work, subject to modification or recommendation, if any.

3.0 DRAWINGS TO BE FURNISHED BY BIDDER AFTER AWARD OF CONTRACT

Apart from Shadow analysis & wind load calculation report, bidder must submit following drawings:

- i General arrangement and dimensioned layout
- ii Schematic drawing showing the requirement of SV panel, Power conditioning Unit(s)/ inverter, Junction Boxes, AC and DC Distribution Boards, meters etc.
- iii Structural drawing along with foundation details for the structure.
- iv Layout of solar Power Array
- v Single line diagram related to electrical infrastructure including wiring of existing campus for CEA approval (wherever required)

On approval of the General Arrangement drawings bidder shall be responsible for submission two sets of Engineering, electrical drawings and Installation and O&M manuals, technical data sheets for each equipment giving details of the specifications along with makes

4.0 SOLAR PHOTOVOLTAIC MODULES:

- (i) The PV modules used should be **made in India**.
- (ii) The total solar PV array capacity should not be less than allocated capacity (kWp) and should comprise of solar crystalline modules of **minimum 330 Wp and above wattage**. **Module capacity less than minimum 330 watt peak will not be accepted**

(iii) Protective devices against surges at the PV module shall be provided.

(iv) Low voltage drop bypass diodes shall be provided.

(v) PV modules must be tested and approved by one of the IEC authorized test centres.

(vi) The module frame shall be made of corrosion resistant materials, preferably having anodized aluminium.

(vii) The bidder shall carefully design & accommodate requisite numbers of the modules to achieve the rated power in his bid. Bank shall allow only minor changes at the time of execution.

(viii) Other general requirement for the PV modules and sub-systems shall be the Following:

a) The peak-power point voltage and the peak-power point current of any supplied module and/or any module string (series connected modules) shall not vary by more than 2 (two) per cent from the respective arithmetic means for all modules and/or for all module strings, as the case may be.

b) The module shall be provided with a junction box with either provision of external screw terminal connection or sealed type and with arrangement for provision of by-pass diode. The box shall have hinged, weatherproof lid with captive screws and cable gland entry points or may be of sealed type and IP-65 rated.

Type	Crystalline silicon (mono or multi)/Concentrated PV Modules (CVP or HCVP)
Efficiency	$\geq 16.5\%$
Fill factor	$\geq 70\%$
Module frame	Frameless/Non-corrosive and electrolytically compatible with the mounting structure material
Termination box	Thermo-plastic, IP 65, UV resistant
Blocking diodes	Schottky type
Module minimum rated power	The nominal power of a single PV module shall not be less than 330Wp.
Power output rating	To be given for standard test conditions (STC). I-V curve of the sample module shall be submitted.
Rated o/p power tolerance	$\pm 3\%$
Rated for wind loads	up to 2,400 Pa
Operating temperature	-40°C to 85°C

5.0 IDENTIFICATION AND TRACEABILITY

Modules deployed must use a RF identification tag. The following information must be mentioned in the RFID used on each modules (This can be inside or outside the laminate, but must be able to withstand harsh environmental conditions).

- 1) Name of the manufacturer of the PV module
- 2) Name of the manufacturer of Solar Cells.
- 3) Month & year of the manufacture (separate for solar cells and modules)

4) Country of origin (separately for solar cells and module)

5) I-V curve for the module Wattage, I_m , V_m and FF for the module

6) Unique Serial No and Model No of the module

7) Date and year of obtaining IEC PV module qualification certificate.

8) Name of the test lab issuing IEC certificate.

9) Other relevant information on traceability of solar cells and module as per ISO 9001 and ISO 14001

6.0 ARRAY/ MOUNTINGSTRUCTURE

a) Hot dip galvanized Iron mounting structures may be used for mounting the modules / panels /arrays. Each structure should have angle of inclination as per the site conditions to take maximum insolation. However, to accommodate more capacity the angle inclination may be reduced until the plant meets the specified performance ratio requirements.

b) The minimum clearance of the structure from the roof level should be **450 mm(bottom of Panel) and 600mm (Top of Panel). The clearance between the rows of the Solar panels shall not be less than 450mm to facilitate the maintenance and cleaning of the panels.**

c) The Mounting structure shall be so designed to withstand the speed for the wind zone of the location where a PV system is proposed to be installed. Suitable Solid Cement Concrete Blocks arrangement should be provided to secure the installation in the terrace. We will not allow to do grouting to the terrace.

d) Structural material shall be corrosion resistant and electrolytically compatible with the materials used in the module frame, its fasteners, nuts and bolts. Necessary protection towards rusting need to be provided either by coating or anodization.

e) The fasteners used should be made up of stainless steel. The structures shall be designed to allow easy replacement of any module. The array structure shall be so designed that it will occupy minimum space without sacrificing the output from the SPV panels

f) Regarding civil structures the bidder need to take care of the load bearing capacity of the roof and need arrange suitable structures based on the quality of roof.

g) The total load of the structure (when installed with PV modules) on the terrace should be less than 60 kg/m².

h) Use SS bolts and couplers for jointing of array and fixing the modules on the array

7.0 JUNCTION BOXES (JBs)

a) The junction boxes are to be provided in the PV array for termination of connecting cables. The Junction Boxes (JBs) shall be made of FRP/Powder Coated Aluminium. All wires / cables must be terminated through cable lugs. The JB's shall be such that input & output termination can be made

through suitable weather proof cable glands.

b) Copper bus bars/terminal blocks housed in the junction box with suitable termination threads Conforming to IP65 standard and IEC 62208 Hinged door with EPDM rubber gasket to prevent water entry.

c) Each Junction Box shall have High Quality Suitable Capacity Metal Oxide Varistors (MOVs) / SPDs, suitable Reverse Blocking Diodes. The Junction Boxes shall have suitable arrangement monitoring and disconnection for each of the groups.

d) Suitable markings shall be provided on the bus bar for easy identification and the cable ferrules must be fitted at the cable termination points for identification

8.0 DC DISTRIBUTIONBOARD:

DC DBs shall have sheet from enclosure of dust & vermin proof conform to IP65 protection and compatible for MC4 connectors. The bus bars are made of copper of desired size. Suitable capacity MCBs/MCCB shall be provided for controlling the DC power output to the PCU along with necessary surge arrestors (DC surge protection device (SPD), class 2 as per IEC 60364-5-53). If a DC isolator is used instead of a DC circuit breaker, a DC fuse shall be installed inside the DC Distribution Box to protect the DC cable that runs from the DC Distribution Box to the Solar Grid Inverter.

9.0 AC DISTRIBUTION PANELBOARD:

1. AC Distribution Panel Board (DPB) shall have necessary surge arrestors. Interconnection from ACDB to mains at LT Bus bar while in grid tied mode.

2. All the termination works related to change over switches; cabling work should be undertaken by the bidder as part of the project.

3. All the Panel's shall be metal clad, totally enclosed, rigid, floor mounted, air - insulated, cubical type suitable for operation on three phase / single phase, 415 or 230 volts, 50Hz.

4. The panels shall be designed for minimum expected ambient temperature of 45degree Celsius, 80 percent humidity and dusty weather.

5. All indoor panels will have protection of IP54 or better. All outdoor panels will have protection of IP65 or better.

6. Should conform to Indian Electricity Act and rules (till last amendment).

7. All the 415 V AC or 230 volts' devices /

equipment like bus support insulators, circuit breakers, SPDs, VTs etc., mounted inside the switchgear shall be suitable for continuous operation and satisfactory performance under the following supply conditions

Variation in supply voltage	+/- 10 %
Variation in supply frequency	+/- 3 Hz

10.0 PCU/ARRAY SIZERATIO:

a) The combined wattage of all inverters should not be less than rated capacity of power plant under STC.

:

Switching devices	IGBT/MOSFET
Control	Microprocessor /DSP
Nominal AC output voltage and frequency	415V, 3 Phase, 50 Hz (for capacities > 5KWp) 230V, 1 phase, 50 Hz (for capacities < 5KWp)
Grid Frequency Synchronization range	+ 3 Hz or more
Ambient temperature considered	0°C to 50°C
Humidity	95 % Non-condensing
Protection of Enclosure	IP-20(Min) for indoor / IP-65(Min) for outdoor.
Grid Frequency Tolerance range	+ 3 or more
Grid Voltage tolerance	- 20% & + 15 %
No-load losses	Less than 1% of rated power
Inverter efficiency(minimum)	>93% (In case of 10kW or above)
THD	< 3%
PF	> 0.9
Display type	LCD for data display. LCD/LED for status display
Communication interface	RS 485 / RS 232 / RJ45

i. PCU/inverter shall be capable of complete automatic operation including wake-up, synchronization & shutdown.

ii. The output of power factor of PCU inverter is suitable for all voltage ranges or sink of reactive power, inverter should have internal protection arrangement against any sustainable fault in feeder line and against the lightning on feeder.

12.0 DATA ACQUISITION SYSTEM / PLANTMONITORING

1. Built-in meter and data logger to monitor plant performance through external computer (IoT) shall be provided for each of the solar PV plant.

2. **Electrical Energy:** Digital Energy Meters to log the actual value of AC/ DC voltage, Current & Energy

b) Maximum power point tracker shall be integrated in the PCU/inverter to maximize energy drawn from the array.

11.0 PCU/Inverter:

The PCU including MPPT (Maximum Power Point Tracker), an interface between Solar PV array & the Inverter, to the power conditioning unit / inverter should also be DG set interactive. If necessary, Inverter output should be compatible with the grid frequency. Typical technical features of the inverter shall be as follows

generated by the PV system provided. The following parameters are accessible via the operating interface display in real time separately for solar power plant:

- i. AC Output current.
- ii. AC Voltage.
- iii. Output Power
- iv. Power factor.
- v. DC Input Voltage.
- vi. DC Input Current.
- vii. Time Active.
- viii. Time disabled.

- ix. Time Idle.
 - x. Power produced and feed-in
 - xi. Protective function limits (Viz-AC Over voltage, AC Under voltage, Over frequency, Under frequency ground fault, PV starting voltage, PV stopping voltage).
3. All instantaneous data shall be shown on the computer screen. Software shall be provided for USB/ internet download and analysis of DC and AC parametric data for individual plant.
4. Remote Monitoring and data acquisition through Remote Monitoring System software at the owner / SBI location with latest software/hardware configuration and **service connectivity for online (suitable active SIM with data connection for 5 year validity to be supplied by the vendor) / real time data monitoring/control complete to be supplied and operation and maintenance/control to be ensured by the supplier. Provision for interfacing these data on SBI server and portal in future shall be kept.**

13.0 CABLES

Cables of appropriate size to be used in the system shall have the following characteristics:

- i Temp. Range: -10°C to $+80^{\circ}\text{C}$.
- ii Voltage rating: 1100V grade
- iii Flexible and excellent resistance to fire (FRLS), heat, cold, water, oil, abrasion, UV radiation.
- iv Sizes of cables between array interconnections, array to junction boxes, junction boxes to Inverter etc. shall be so selected to keep the voltage drop (power loss) of the entire solar system to the minimum. The cables (as per IS) should be insulated with a special grade PVC compound formulated for outdoor use.
- v Cable Routing/ Marking: All cable/wires are to be routed in a GI cable tray and suitably tagged and marked with proper manner by good quality ferrule or by other means so that the cable easily identified.
- vi The Cable should be so selected that it should be compatible upto the life of the solar PV panels i.e. 25 years.
- vii Multi Strand, Annealed high conductivity copper conductor PVC type 'A' pressure extruded insulation or XLPE insulation. Overall PVC/XLPE insulation for UV protection Armored cable for underground laying. All cable trays including covers to be provided. All cables conform to latest edition of IEC/

equivalent BIS Standards as specified elsewhere in this document.

viii The size of each type of DC cable selected shall be based on minimum voltage drop however; the maximum drop shall be limited to 1%.

ix The size of each type of AC cable selected shall be based on minimum voltage drop however; the maximum drop shall be limited to 2%.

15.0 METERING:

1. The bi-directional electronic energy meter (class shall be as per the TANGEDCO norms) shall be installed for the measurement of import/Export of energy.

2. The bidder must take approval/NOC from the Concerned DISCOM for the connectivity, technical feasibility, and synchronization of SPV plant with distribution network and submit the same to SBI before commissioning of SPV plant.

3. Reverse power relay shall be provided by bidder (if necessary), as per the local DISCOM requirement.

16.0 INTEGRATION OF PV POWER WITH GRID:

The output power from the inverters feeds it into the main electricity grid after synchronization. In case of grid failure, or low or high voltage, solar PV system shall be out of synchronization and shall be disconnected from the grid. 4 pole isolation of inverter output with respect to the grid/ DG power connection need to be provided.

For buildings or loads with diesel generator backup, the wiring of the solar grid inverter shall be such that the solar grid inverter cannot run in parallel with the diesel generator. This implies that the solar grid inverter must be connected to a distribution board on the grid side of the automatic or manual change-over switch as shown in typical wiring diagram.

Metering and grid connectivity of the roof top solar PV system under this scheme would be the responsibility of the Bidder in accordance with the prevailing guidelines of the concerned DISCOM and / or CEA (if available by the time of implementation).

17.0 POWER CONSUMPTION:

Regarding the generated power consumption, Total power generated shall be utilized by SBI, priority shall be given for internal consumption and thereafter any excess power shall be exported to grid. Calibrated Energy meter at the feed-in point shall be installed by the successful bidder for cumulative power consumption reading. Decisions of appropriate authority like DISCOM, state

regulator may be followed.

18.0 PROTECTIONS

The system should be provided with all necessary protections like earthing, Lightning and grid islanding as follows:

18.1 LIGHTNING PROTECTION

18.1.1 The SPV power plants shall be provided with lightning & overvoltage protection. The main aim in this protection shall be to reduce the over voltage to a tolerable value before it reaches the PV or other sub system components. The source of over voltage can be lightning, atmosphere disturbances etc. The entire space occupying the SPV array shall be suitably protected against Lightning by deploying required number of Lightning Arrestors (not to use existing lightening arrestors of the building). **one number dedicated earth pit for the lightening arrestor shall be provided**

Lightning protection should be provided as per IEC 62305 standard. The protection against induced high voltages shall be provided by using the metal oxide varistors (MOVs) and suitable earthing such that induced transients find an alternate route to earth.

18.2 SURGE PROTECTION

Internal surge protection shall consist of "3" MOV type effective surge-arrestors connected from +ve and -ve terminals to earth (via Y arrangement). Any damage of SBI appliances due to surge protection failure shall be the responsibility of successful bidder.

18.3 EARTHING PROTECTION

18.3.1 Each array structure of the PV yard should be grounded / earthed properly as per IS:3043-1987. In addition, the lightning arrester/masts should also be earthed inside the array field. Earth Resistance shall be tested in presence of the representative of SBI as and when required after earthing by calibrated earth tester. PCU, ACDB and DCDB should also be double earthed properly.

18.3.2 Earth resistance shall not be more than 1 ohm. It shall be ensured that all the earthing points are bonded together (interlinked) to make them at the same potential.

18.3.3 **2 nos of Copper Earth strip of 25X3mm** shall be used for the Earthing connection to the Earth pit.

18.3.4 **2 nos Earth pits shall be provided for the earthing of the Solar panels and one earth pit for the structure**

18.4 GRID ISLANDING PROTECTION

In the event of a power failure on the electric grid, it is required that any independent power-producing inverters attached to the grid turn off in a short period of time. This prevents the DC-to-AC inverters from continuing to feed power into small sections of the grid, known as "islands."

The Rooftop PV system shall be equipped with islanding protection. In addition to disconnection from the grid (due to islanding protection) disconnection due to under and over voltage conditions shall also be provided.

A manual disconnect 4pole isolation switch beside automatic disconnection to grid would have to be provided at utility end to isolate the grid connection by the utility personnel to carry out any maintenance. This switch shall be locked by the utility personnel.

19.0 DANGER BOARDS AND SIGNAGES:

Danger boards should be provided as and where necessary as per IE Act. /IE rules as amended up to date. Three signage shall be provided one each at solar array area, DB and Meter room. Text of the signage may be finalized in consultation with SBI/owner.

20.0 SAFETY MEASURES:

The bidder shall take entire responsibility for electrical safety of the installation (s) including connectivity with the grid and follow all the safety rules & regulations applicable as per Electricity Act, 2003 and CEA guidelines etc.

21.0 ACTION WHERE THERE IS NO SPECIFICATION

In case of any class of work for which there is no specification mentioned, the same will be carried out in accordance with the Indian Standards Specifications (IS)/ MNRE/ NISE/ BEE standards subject to the approval of the Bank

22.0 TEST CERTIFICATES AND REPORTS TO BE FURNISHED

Test Certificates / Reports from IECQ / NABL accredited laboratory for relevant IEC / equivalent BIS standard for quoted components shall be furnished. Type Test Certificates shall be provided for the solar modules and the solar grid inverter to provide evidence of compliance with standards as specified by Ministry of New and Renewable Energy (MNRE). Bank reserves the right to ask for additional test certificates or (random) tests to establish compliance with the specified standards.

23.0 CONFIRMATION TO MNRE TECHNICAL SPECIFICATIONS AND STANDARDS

The Tenderer should ensure that all components and systems used under this Scheme shall strictly adhere to the Technical Specifications and Guidelines issued by MNRE, and as amended from time to time.

24.0 QUALITY CERTIFICATION, STANDARDS AND TESTING FOR GRID-CONNECTED ROOFTOP SOLAR PV SYSTEMS/ POWER PLANTS

All components of grid-connected rooftop solar PV system/plant must conform to the relevant standards and certifications given below:

Solar PV Modules/ Panels	
IEC 61215/ IS 14286	Design Qualification and Type Approval for Crystalline Silicon Terrestrial Photovoltaic (PV) Modules
IEC 61646 / Equivalent IS (Under Dev.)	Thin Film Terrestrial PV Modules
IEC 62108	Concentrator PV Modules & Assemblies
IEC 61701	Salt Mist Corrosion Testing of Photovoltaic (PV) Modules
IEC 61853-Part 1/ IS 16170: Part 1	Photovoltaic (PV) module performance testing and energy rating: Irradiance and temperature performance measurements, and power rating
IEC 62716	Photovoltaic (PV) Modules – Ammonia (NH ₃) Corrosion Testing (As per the site condition like dairies, toilets)
IEC 61730-1,2	Photovoltaic (PV) Module Safety Qualification – Part 1: Requirements for Construction, Part 2: Requirements for Testing
Solar PV Inverters	
IEC 62109-1, IEC 62109-2	Safety of power converters for use in photovoltaic power systems – Part 1: General requirements, and Safety of power converters for use in photovoltaic power systems Part 2: Particular requirement for inverters. Safety compliance (Protection degree IP 65 for outdoor mounting, IP 54 for indoor mounting)
IEC/IS 61683 (as applicable)	Photovoltaic Systems – Power conditioners: Procedure for Measuring Efficiency (10%, 25%, 50%, 75% & 90-100% Loading Conditions)
IEC 62116/ UL 1741/ IEEE1547 (as applicable)	Utility-interconnected Photovoltaic Inverters - Test Procedure of Is-landing Prevention Measures
IEC 60255-27	Measuring relays and protection equipment – Part 27: Product safety requirements
IEC 60068-2 / IEC 62093 (as applicable)	Environmental Testing of PV System – Power Conditioners and Inverters
Fuses	
IS/IEC 60947 (Part 1, 2 & 3), EN 50521	General safety requirements for connectors, switches, circuit breakers (AC/DC): a) Low-voltage Switchgear and Control-gear, Part 1: General rules b) Low-Voltage Switchgear and Control-gear, Part 2: Circuit Breakers c) Low-voltage switchgear and Control-gear, Part 3: Switches, disconnectors, switch-disconnectors and fuse-combination units d) EN 50521: Connectors for photovoltaic systems – Safety requirements and tests
IEC 60269-6	Low-voltage fuses - Part 6: Supplementary requirements for fuse-links for the protection of solar photovoltaic energy systems

Surge Arrestors	
BFC 17-102:2011	Lightening Protection Standard
IEC 60364-5-53/ IS 15086-5 (SPD)	Electrical installations of buildings - Part 5-53: Selection and erection of electrical equipment - Isolation, switching and control
IEC 61643-11:2011	Low-voltage surge protective devices - Part 11: Surge protective devices connected to low-voltage power systems – Requirements and test methods
Cables	
IEC 60227/IS 694, IEC 60502/IS 1554 (Part 1& 2) / IEC69947 (as applicable)	General test and measuring method for PVC (Polyvinyl chloride) insulated cables (for working voltages up to and including 1100 V and UV resistant for outdoor installation)
BS EN 50618	Electric cables for photovoltaic systems
(BT(DE/NOT)258)	mainly for DC Cables
Earthing/ Lightning	
IEC 62561	Series (Chemical earthing) (as applicable)
IEC 62561-1	Lightning protection system components (LPSC) - Part 1: Requirements for connection components
IEC 62561-2	Lightning protection system components (LPSC) - Part 2: Requirements for conductors and earth electrodes
IEC 62561-7	Lightning protection system components (LPSC) - Part 7: Requirements for earthing enhancing compounds
Junction Boxes	
IEC 60529 IEC 529	Junction boxes and solar panel terminal boxes shall be of the thermoplastic type with IP 65 protection for outdoor use, and IP 54 protection for indoor use
Solar PV Roof Mounting Structure	
IS 2062/IS 4759	Material for the structure mounting
IEC 62548	PV arrays – Design requirements

Annexure-3

Make of Materials proposed to be supplied in this Contract from the list of preferred makes of materials (Bidder to take a printout in bidder's letterhead, sign, stamp, scan and upload in the e-tender portal)

Sno	Equipment Name	Preferred Make	Bidder's offer
1	Solar Panels	Manufacturers/models from the updated list of MNRE-ALMM order dated 27.01.2025 or as per latest order.	
2	Grid-tie string inverters	SMA India / ABB-fimer/ Emerson/ Delta / Fronius / Growatt / Power One/Polycab	
3	Power cables	Havells / RR kabel/Polycab / KEI	
4	Control cables	Panasonic / Unistar / LAPP/ Polycab	
5	LT switchgear	L&T / Siemens / Schneider/ABB/ Legrand	
6	Steel members	TATA / Vizag.Steel/SAIL /Jindal	
7	Earthing/ lightning arrester	Erico / OBO Bettermann India / Citel /Dehnguard / Indelec / Inmbus / Liva	
8	DC DB / AC DB	GESYS / Swelect / Mala / ABB/Havells/Phonix/ Greensol/Polycab or equivalent	
9	DC cables	Havells / KEI / Polycab/ LAPP	
10	String Combiner Box	Robotina/Trinity Touch/GESYS / Hensel/Cape Electric/Bangalore switch gear/Lotus power/	

Note: Vendor to mention the make of materials proposed to be used from the above makes and upload the document in the e-tender portal

Annexure-4**FORMAT OF AGREEMENT**

Articles of Agreement made this ----- day of -----
 --- year 2024 between -----(Hereinafter
 referred to as the "Employer/Bank" which
 expression shall, unless excluded by or repugnant to
 the context, includes its successors and assigns) of
 the One Part and-----of-----
 (Hereinafter referred to as "Vendor" unless
 excluded by or repugnant to the context, includes
 its successors and assigns) of the Other Part.

Whereas the Employer intends to carry out -----
 -----and shall
 herein after referred to as "Project".

And whereas for the purpose of the above said
 project, the Employer invited Online E-tenders from
 experienced, resourceful and bonafide Vendors
 vide its Notice Inviting Tender (No.-----
 dated.-----).

Whereas the Vendor submitted his Online Tender
 containing Notice Inviting Tender, General
 Conditions of Contract, Special conditions, Bill of
 Quantities, Form of Agreement, Preferred makes of
 materials, Form of Submission of tender, Technical
 Specifications etc. for the above said project,
 (Hereinafter collectively referred to as the "said
 conditions"), digitally signed as a token of his
 acceptance of the same, along with requisite Cost of
 tender and Earnest Money Deposit.

And whereas out of the Tenders received, the
 Tender of the Vendor was found to be most suitable
 for the project.

And whereas the Employer through M/s SBI has
 accordingly issued the work order (No.-----
 dated-----) to the Vendor subject to his
 furnishing the requisite Security Deposit.

And whereas the Vendor has accepted the aforesaid
 Work Order vide his letter of acceptance No.-----
 ----- dated----- and has also deposited with
 the Employer a sum of Rs.-----which with the
 Earnest Money of Rs.-----forms the requisite

Security Deposit @2 % of the accepted Tender
 Value of Rs.-----.

Now, therefore, it is hereby agreed to and between
 the parties as follows:

- 1) The following documents shall constitute
 the Contract Documents.
 - a) This Article of Agreement.
 - b) Tender Document submitted online by the
 Vendor including the N.I.T, Instructions to the
 Vendor, General conditions of Contract and Special
 conditions of Contract, technical specifications and
 Bill of quantities
 - c) All correspondence between the Employer
 and the Vendor from the date of issue of N.I.T and
 the date of issue of work order and corrigendum
 issued by the employer
 - d) Work order No. -----dt.-----
 -
- 2) Time shall be considered as the essence of
 this agreement and the Vendor hereby agrees to
 commence the work soon after the site is handed
 over to him or as provided for in the said conditions
 and complete the entire work in ----- days or within
 the extended period approved by Bank.
- 3) In consideration of the said sum to be paid at
 the times and in the manner set forth in the said
 conditions, the Vendor shall upon and subject to the
 said conditions, execute and complete the project
 as described in the said Specifications and the said
 Schedule of Quantities.
- 4) Not with standing what are stated in the N.I.T
 conditions of Tendering, Conditions of Contract of
 herein stated before, the Employer reserves itself
 the right of altering the nature of the work and
 addition to or omitting any items of work or of
 having portions of same carried out through
 another agency or otherwise and such alterations or
 variations shall be carried out without prejudice to
 this contract.

5) As mentioned above, the "said conditions" shall be read and be treated as forming part of this agreement and parties hereto will respectively be bound thereby and to abide by and submit themselves to the conditions and stipulations and perform the same on their parts to be respectively observed and preferred.

6) The Vendor / Vendor shall promptly notify SBI of any changes in the constitution of their firm. It shall be open to SBI to terminate the agreement on the death, retirement, insanity or insolvency of any person/s is being director/s or partner/s in the said company / firm, or on the addition or introduction of a new partner without the previous approval in writing of SBI. But in absence of and until its termination by SBI as aforesaid, this agreement shall continue to be of full force and effect notwithstanding any changes in the constitution of the firm by death, retirement, insanity or insolvency of any of its partners or the addition or introduction of any new partners. In case of retirement / death, the surviving or remaining partners of the firm shall be jointly and severally liable for the due and satisfactory performance of the terms and conditions of the agreement.

7) The Vendor agrees and hereby keeps the Bank indemnified against all claims, actions, loss, damages, reputation loss, costs, expenses, charges, including legal expenses (Attorney, Advocates fees included) which the Bank may suffer or incur on account of any deficiency in Services rendered by The Vendor or breach of any obligations under this contract, including without limitation, breach of confidentiality obligations or any acts of commission / omission on the part of employees, agents, representatives or Sub-Vendors of the Vendor. The Vendor agrees to make good the loss suffered by the Bank.

8) This agreement and contract shall be deemed to have been made in Bengaluru and any questions or dispute rising out of or in any way connected with this Agreement and Contract shall be deemed to have arisen in Bengaluru and only the courts in Bengaluru shall have jurisdiction to determine the same. The limitation period will be 90 days from the date of dispute having arisen.

9) Any dispute arising under this agreement shall be referred to the Arbitration in a manner specified in the General Conditions of the Contract and the decision of the arbitration shall be final and binding on both the parties

10) The contract may be terminated at any time by the Bank upon giving seven days notice to the Vendor.

IN WITNESS WHEREOF THE PARTIES to their present have here under set and subscribed their hands, the day, month and year first above written.

Signed and delivered for and on behalf of
